OLD BRIDGES WILL RETARD HARBOR PLAN

Senate Committee Recom-
mends Halt of Govern-
ment Action Until Estuary
Structures Are Removed

Steps Taken by Supervisors
For People to Vote on the
Question of Span or Tube
Delay to Be Dangerous

The critical point in the long
negotiations for new means of
transportation across the estuary
to Alameda made rapid approach
today. These two developments,
both of major importance, hast-
ened it:

1. The United States Senate
committee on commerce, re-
porting favorably on the rivers
and harbors bill, recommended
that government work on Oak-
land harbor above the Webster
and Harrison street bridges halt
until those bridges are removed.

2. The Board of Supervisors
asked the district attorney to
prepare a proposition to be voted
upon in the August primaries
by which an advisory vote of the
people could be secured indicat-
ing preference for bascule
bridge or submarine tube.

**ACTION IN NATURE
OFTIMATUM.**
The Senate committee's action is
in the nature of an ultimatum.
Colonel Herbert H. Deakins, dis-
trict engineer of the United States
Army, recently gave the super-
visors to understand that further
delay in removing the bridges was
endangering Oakland's chances for
government harbor work appro-
priations.

This warning the Senate com-
mittee confirms. It says, in effect,
that no work shall henceforth be
done by the government on the
estuary above the Harrison and
Webster street bridges until those
antiquated structures have been re-
moved or the waters made naviga-
ble.

**ANTQUATED BRIDGES
MUST BE REMOVED.**

Then, however, the committee
came to consider the project of
the Oakland harbor bridges. It
found a long chapter of negotia-
tions, reports and recommendations,
the general import of which
was that the antiquated bridges
now across the estuary should be
removed but had not been re-
moved. The committee thereupon
took definite action.

"The Senate committee ac-
cepted," says the Associated Press
dispatch from Washington, "the
proposals for work on Oakland
harbor with a provision that no
work shall be done above the Har-
rison and Webster bridges until
the waters are made navigable or
the bridges removed."

The rivers and harbors bill, as
recommended to the Senate, means
much for the development of both
the estuary and western water-
ways of Oakland. Details of the
proposed appropriations, amount-
ing to more than a million and a
half, have previously been carried
in Washington dispatches. This
work may go on, the committee
recommends, but none of it shall
be done to the east of Webster
street until the estuary once more
is as freely navigable as it should
be.

**HARBOR INTERESTS
IN FAVOR OF TUBE.**

Business interests along the Oak-
land harbor will request
United States Army engineers to
remove all bridges and ob-
structions on the entrance to the
harbor at Webster and Harrison
streets and prohibit the construc-
tion of a bascule bridge, declared
Captain W. B. Tibbitts to the Board
of Supervisors today, unless the
Board of Supervisors orders a tunnel
constructed under the Estuary.
Captain Tibbitts made this state-
ment at the special session of the
board held to hear the reports of its
committee of which Tibbitts is
chairman.

Interests along the liner harbor
have requested a tube instead of a
tunnel. Tibbitts' statement was
made in reply to a motion by Super-
visor Redmond C. Staats. Staats
offered a resolution directing Dis-
trict Attorney Ezra V. Decoto to
prepare a proposition to be placed
on the primary ballot August 29,
asking the people for an advisory
vote on a bridge or a tunnel. This
was adopted.

Staats declared a new bond issue
would be necessary to provide funds
for a tube, while the recently voted
bond issue, together with money

Three Minute Tales by AD SCHUSTER

DUTIFUL DODDS

THERE is an unwritten law
that anyone who works
diligently over a set of
books shall be given the reputa-
tion of knowing nothing outside
of the world of figures and ac-
counts. His fellows in the office
refer to him derisively as "hav-
ing his nose in the books" and
the concentration he must give
to his task sets him outside of the
social life, the banter and gossip
of the place.

In the office of the Consoli-
dated Gas Company Leo Dodds
was the lonely and mysterious
custodian of the ledger. In the
traditional manner, he sat on a
stool at a high desk and hunched
his shoulders as he wrote. He
was as far removed from the
undercurrent of office life as was
the doorman below, or the figure
of Mercury on the roof. Dodds
was a good bookkeeper, a valu-
able man. He was 30 and, in a
serious way, good looking.

"They tell me," said Olive Haw-
ley, head stenographer, who
could never understand the man's
failure to respond to the office's
admiration of herself, "that
Dutiful Dodds spends his even-
ings adding up yard-long col-
umns of figures, that he sums up
the numbers on auto licenses on
the way to work, and that his
idea of a riotous time is a lecture
on higher mathematics."

In time the presence of the
dazzling Olive was borne into the
consciousness of the bookkeeper
and she had her triumph each
morning when he turned in his
chair to bid her good morning.
Those who knew Dodds consid-
ered an epoch in his development
had been marked and Olive was
secretly pleased. Had the man
planned, his campaign delib-
erately it could not have been more
effective, for the interest of Olive,
used to attentions, was centered
on the only man who appeared
unimpressed with her charms.

Besides, he was more serious and
smarter than the rest and there
was a kindly look in his eyes.

WITHOUT making it appar-
ent, the girl occasionally
lingered at her desk long
enough that she might leave the
office with the bookkeeper. Fol-
lowed snatches of conversation
in the hall and elevator and, once
on a warm day, the two stopped
for a soda before he put her on
her car.

"He's a queer one," thought
Olive. "He listens so attentively
to what I say, just as if it were
something important and never
says a word about himself."

She studied him, forsook extremes in
dress and, without realizing it,
devoted most of her spare
thought to appearing before this
young man as he would like her
best.

One evening Olive, reading a
paper on the car, startled fellow
passengers with an exclamation.
On the sport page was a picture
of the winners of the city cham-
pionship in tennis. "Dodds and
Green," the caption read, "new
holders of the double title."

"Who would think," she asked
in astonishment, "that all this
time we have had a tennis shark
in our midst? But the picture
does not do him justice." Here
was an opening she could use
in conversation, a way to find out
more about the man. She brushed
up on her small knowledge of the
game and made ready.

"I never knew you played ten-
nis," she said, walking beside
the bookkeeper next evening.

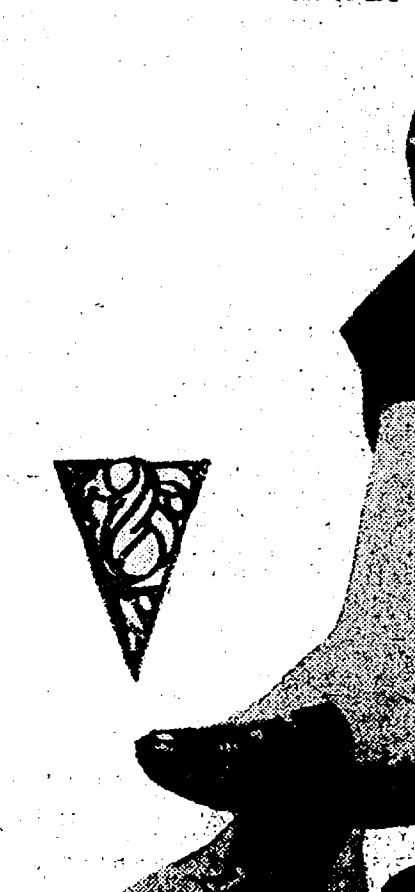

"Tennis? He was pleased and
surprised. "Oh, yes, I play a
little."

CIVIL WAR SPREADING IN IRELAND

While Battle For Possession

Irregulars At Besieged Four
Courts Receive Reinforce-

Goes On With Intensity

LEASD WIRE TO TRIBUNE.
CORK, June 29.—Serious fight-
ing between Free State and insur-
gent forces has begun in various
parts of the south and west of Ire-

land, according to reports reaching
Cork this afternoon. These would
seem to indicate that the civil war,
fare had spread over the entire
country, since Free State forces were
reported in attacks in County
Louth, north of Dublin.

LONDON, June 29.—(By the
Associated Press.)—Fighting in
the streets of Dublin is increasing
in intensity, says a Central News
dispatch from the Irish capital at
5 o'clock this afternoon. Irregulars
on the outskirts of the besieged
Four Courts district are receiving
reinforcements, the message says.
Three civilians were killed in to-
day's fighting, bringing the total
number of dead to nineteen. Busi-
ness houses, as well as banks are
closing, the dispatch says, and the
newspapers have suspended pub-
lication. Irregulars occupied the
office of the Union Herald for a
time during the fighting today.

BELFAST, June 29.—At 11
o'clock this morning, says a mes-
sage from Dublin, the inhabitants
of Dame street were thrown into a
panic following an outburst of
firing from a building occupied by
insurgents. The street was full
of people, who made a wild rush
for shelter.

It appears, says the message, that
the fire was aimed at the provin-
cial government troops who were
guarding the Bank of Ireland, al-
though they had withdrawn inside
the building.

DUBLIN, June 29.—(3:30 p. m.)
—Irish rebels took the offensive
this afternoon in their battle with
Free State troops. The insurgents,
assisted by armed independent
workers of the world, are seizing
strategic buildings on the street cor-
ners throughout Dublin.

The fighting at the Four Courts
is continuing, with street battles in
progress at many other points.
British troops are on guard at
the banks to protect them from
looters.

DUBLIN, June 29.—(9 a. m.)—
Irish insurgents still holding the
Four Courts against repeated as-
saults of Free State troops, seized
additional buildings in Dublin this
morning. The Great Northern rail-
road terminal, Moran's hotel and
other important structures, were
among those reported to have fallen
into the hands of the rebels.

British troops were called out
today as street fighting became
more pronounced. The troops
were placed on guard at the
various banks of the city. Streets
occupied by the insurgents were
being mined and barraged. Rebel
reinforcements were entering the
city and establishing forts in
houses seized in the area of Free
State lines.

Casualties this morning were re-
ported to be heavy. (Continued on Page 4, Col. 1.)

Will Fight Husband's Suit
MRS. PAULINE ELIZABETH GILBERT, who stated today
that she would contest divorce proceedings brought by Mel-
bourne Newcomb Gilbert, a young naval officer.

"Climate and living conditions in
Samoa have made nervous wrecks
of both of us," declared Mrs.
Pauline Elizabeth Gilbert, 740
Thirty-fourth street, today in dis-
cussing the suit for divorce filed in
San Francisco yesterday by her
husband, Melbourne Newcomb Gil-
bert. Gilbert is an officer in the
United States navy.

"Yes, I did pull his nose," she
said, "and as for calling him a 'poor
fish,' are there any married per-
sons who don't exchange a com-
ment of that sort occasionally?"

The poor fish and nose pulling
allegations were among several
made by Gilbert in his suit.

Mrs. Gilbert vigorously denied
another allegation of Gilbert to the
effect that she had danced in an
improper manner at a ball in
Samoa, where Gilbert was stationed.

"They don't even know the mod-
ern dances there," she protested.
"The only kind of dancing we did
was the old, old-fashioned variety."

GOT "KICK" OUT
OF YOUNG BACHELORS.

Another of the allegations made
by Gilbert was that she went on
a hike with three other men, and
that when he remonstrated, she
told him she got a "kick" out of
the company of young bachelors.

She characterized this allegation
as absurd.

"One of the men was the judge
and the other the clerk of the
court," she declared. "I'm going
to have this suit held up until I
can write to Samoa for proof as
to my side of the story. They were
personal friends of ours and the
judge will certainly have a few
things to say when he hears of this."

Mrs. Gilbert went to San Fran-
cisco today with the avowed pur-
pose of fighting her husband's al-
legations.

DECLARES HUSBAND'S
SUIT IS SURPRISE.

"The suit came as a surprise to
me," she declared. "My husband
states that we separated on our
return from Samoa. This is the
first I knew of it. Our separation,
as he calls it, took place when I
saw him off to San Pedro on the
train, and came over to Oakland
to stay with my relatives until
he returns from San Pedro, which
should be in a few days."

U. S. Grand Jury to Probe
Illinois Field Massacre

DENVER, June 29 (By the As-
sociated Press).—Two mine tip-
ples were burned, one coal mine flooded
and two railway bridges burned in
Colorado coal fields in Boulder and
Huerfano counties during the
night, according to reports of Colo-
rado State Rangers to headquarters
here today. It was announced by
Colonel Patrick J. Hamrock, State
Adjutant-General.

Governor Oliver H. Shoup, who
was in Colorado Springs this morn-
ing, is on his way to Denver for a
conference with the adjutant-
general to determine what meas-
ures are to be taken, Colonel Ham-
rock stated.

Colonel Hamrock declined to
state what action will be taken un-
til after his conference with the
governor. He stated, however, that
1500 men can be thrown into the
two counties by tomorrow night if
necessary to enforce order.

**PROBABLE DESTRUCTION
REPORTED BY RANGERS.**

The following destruction of
property was reported by rangers,
Col. Hamrock stated:

Red Ash mine at Marshall, in
Boulder county—Mine tipple
burned, mine flooded.

Stella May mine, Huerfano
county, near Walzenburg—Mine
tipple burned.

Ideal mine, six miles south of
Walzenburg, Huerfano county—
125-foot railroad bridge burned.
Railroad bridge, Rose Junc-
tion, near Walzenburg, burned.

Boulder and Huerfano counties
are in widely separated parts of
Colorado. Boulder county lies
northwest of Denver in the north-
ern Colorado coal field, while
Huerfano is one of the central
southern Colorado counties and lies
in the southern Colorado coal field.

U. S. SUMMONS RAIL FACTIONS TO BLOCK STRIKE SATURDAY

400,000 Ordered Out at 10:00 a. m.,
July 1, But Government Hopes to
Prevent Tie-up By a Joint Parley

CONSPIRACY CHARGED TO UNION HEADS

CHICAGO, June 29.—(By International News Service).—The
government, through the agency of the United States railway
labor board, today made its first move to avert the nation-wide
railroad strike called for Saturday at 10 a. m.

Union chiefs—the heads of the federated shopcrafts, mainte-
nance of way brotherhoods, the signalmen, clerks and stationary
engineers and firemen's organizations—were cited by the labor
board, to appear before the board tomorrow afternoon at 2
o'clock on charges of conspiring to interfere with the operation
of the railroads.

This action was taken by the board under Section 313 of the
transportation act, which provides that the labor board at any
time it has reason to believe that a cessation of traffic on the
railroads is threatened, can take jurisdiction.

Officials of the American Association of Railway Executives
also were cited to appear before the board tomorrow afternoon.

CHICAGO, June 29.—(By the Associated Press).—Railroad
executives, meeting here today, dispatched a message to B. M.
Jewell, head of the Railway Employees' Department of the Amer-
ican Federation of Labor, declaring that the threatened strike of
400,000 shopmen, set for Saturday, would be a strike against the
government and not against the railroads. The message said
that all contentions in the case had been submitted to the rail-
road labor board which had rendered its decision.

CLEVELAND, O., June 29.—(By the Associated Press).—En-
gineers and trainmen members of the railroad brotherhoods with
headquarters in this city will continue to perform their regular
duties and will not take the places or do the work of any railroad
employees on strike in connection with the action of the shop
crafts, chiefs of the brotherhoods advised the members of their
organizations today.

By CHARLES R. LYNCH.

CHICAGO, June 29.—Settlement
of the railroad dispute was in prospect
today, according to high offi-
cials in railroad circles. Predic-
tions were freely made that the
strike would not materialize on
Saturday.

The U. C. Railroad Labor Board
summoned union heads and execu-
tives to appear before it Friday
afternoon in an effort to settle the
disagreement and prevent a strike.
CALL ISSUED AFTER
PARLEY WITH LEADERS.

The citation was issued only
after Ben Hooper, chairman of the
board, had conferred with leading
railroad executives and high union
officials. Following the con-
ference, it was indicated that Hooper
received considerable encourage-
ment that a settlement would not
be difficult to attain at Friday's
conference.

The general belief in both union
and railway executive circles was
that the railroad managers would
officially inform the board of a
decision to abide by its rulings for-
bidding contract labor, and with
this promise the unions would
either call off or delay the walkout.
Several union heads pointed out
that a large percentage of the
workers voted in favor of a strike
because of opposition to the con-
tract system.

**STRIKE ORDERED FOR
10:00 A. M. SATURDAY.**
CHICAGO, June 29.—(By the As-
sociated Press).—Strike orders
signed by the six craft presidents
of the railroad shopmen's organi-
zation were sent out today to gen-
eral chairmen representing 400,000
men, authorizing a strike at 10
a. m., July 1, "on all railroads and
Pullman shops in the United
States." The text of the strike
order follows:

In compliance with the strike
vote, all shop craft members
below the rank of general fore-
men are hereby granted sanc-
tion to suspend work at 10 a. m.,
July 1, on all railroad and Pull-
man shops in the United States.
Notify all outside points. Wire
number responding and number
remaining at work.

The communication was signed
by: William H. Johnson, Interna-
tional Association of Machinists; J.
W. Kins, International Brother-
hood of Blacksmiths, Drop Forgers
and Helpers of America; J. A.
Franklin, International Brother-
hood of Boilermakers, Iron Ship
Builders and Helpers of America;
J. J. Hayes, Amalgamated Sheet
Metal Workers' International Al-
liance; James F. Noonan, Interna-
tional Brotherhood of Electrical
Workers; Martin F. Ryan, Brother-
hood of Railway Carmen of Amer-
ica.

Letters of instruction regarding
the progress and conduct of the
strike were being prepared at gen-
eral headquarters here today and
were to be mailed out tonight.
"The issue is clean-cut, with no
strings attached," said B. M. Jewell,
president of the Railway Depart-
ment of the American Federation
of Labor. "It is up to the rail-
road executives at their meeting today.
They can stop this strike today or
tomorrow, but after Saturday at 10
o'clock it is all off."

The committee of 90 general
chairmen today were on the way to
Chicago to meet the board.

GOVERNMENT ACTS TO BLOCK RAIL TIE-UP

U. S. Board Summons Railroad and Union Leaders to Parley Tomorrow.

their home districts to take active charge of the strike. A sub-committee remained at headquarters to direct operation.

The strike issue is based on all three of the questions on which the shopmen have been voting for two weeks. These questions were on accepting the \$60,000,000 wage cut ordered by the railroad labor board July 1, the modification of rules cutting down overtime pay by the board, and the farming out of railroad work to outside contractors.

By CHARLES R. LYNCH, United Press Staff Correspondent.

CHICAGO, June 29.—Scores of maintenance of way employees in the West Chicago yards are reported to be quitting their jobs today following the strike call issued to 400,000 shop craftsmen last night. Shop workers were ordered to walk out at 10 a. m. Saturday. Although the maintenance of way organization is voting on a strike, no strike call has yet been issued by leaders of that organization.

The reports that men were quitting their jobs were believed to be strong evidence that the shop crafts would be joined by approximately 500,000 maintenance of way men within a few days. A strike call from the Detroit headquarters was expected hourly.

As hope of preventing the strike faded, railroads in all parts of the country took steps to prevent any tie-up of traffic. Railroad executives said traffic would not be seriously hampered—at least, for some time.

Political Notes

SAN FRANCISCO, June 29.—Declaring that he would begin his active campaign for the Republican nomination for United States senator as soon as arrangements by his organization are perfected, and that he is "in the field to stay," Charles C. Moore last night opened his campaign at a meeting held at the Palace hotel. The meeting, which was presided over by Marshall Hale, was attended by approximately 500 men and women.

Hale made the opening address, declaring that the Moore committee would hold public sessions and give the widest publicity to their proceedings. He announced that San Francisco headquarters would be opened immediately at 210 Crocker building. He also stated that "no criticism of our senior senator is intended."

ACTIVE IN SOUTH. Marshall Stinson of Los Angeles read several letters from Moore supporters in the south, and stated that a campaign headquarters had been opened in Los Angeles. A telegram from Chester Rowell, extending congratulations to the candidate, was also read.

A resolution endorsing the Moore candidacy was read by Professor James Hyde, and was adopted by the meeting.

Moore said: "I am not and will not be a Johnson hater. I promise you I will say nothing in this campaign which I would not say before him. I am not going to scatter but will keep to the single issue. California is a Republican state. It gave an unprecedented vote to President Harding. Every political consideration warranted the most loyal support of him by California's two Republican senators."

MOORE STATES ISSUE. Moore said that the issue was

MISS BEULAH GRIFFIN and BARTLEY CRUM, who have started the knickerbocker fad on the University of California campus. "Off with skirts. Give us women freedom in attire," says Miss Griffin. Knickerbockers, classed recently as the "correct form" for men, at eastern colleges, are being sponsored for males by Crum.

THEY'RE GOING ABOUT AT U. C. IN KNICKERS NOW

Kansas School Ma'am Leads Her Sex; Male Converts Are Numerous.

BERKELEY, June 29.—They're knocking about in knickers on the University of California campus! Miss Beulah Griffin, a pretty school ma'am from Wichita, Kansas, now enrolled as a student at the University summer session, leads a vanguard of knicker-clad young women who are preparing to shatter all traditions on the college campus.

CLUB FORMED ALREADY. Appearing simultaneously with Miss Griffin's modern college attire comes also the knicker-clad college man. Where a visiting eastern student was booted off the campus for appearing in knickerbockers and long socks, a club, eligibility to which is based entirely on short trousers, has now been formed among the male students.

"Maybe we're flappers, maybe we're not; at any event we're merely the 1922 type of girl who believes in being sensible as well as modern," laughs pretty Miss Griffin as the spokesmen of her sex. "Are we 'duchesses'? I should say not!"

The "duchesses" was recently defined by editors of the Summer Session Californian as a new edition of the "bellman" of former summer classes at the university and as an older woman with "more sense" both in clothing and other matters than the modern flapper.

MEX LIKE KNICKERS. Sharing honors with Miss Griffin is Bartley Crum, former president of the university's English Club, member of the Kappa Alpha fraternity and a graduate student in law at the university. Crum startled college circles recently by wearing attire recently prescribed at Harvard, Yale and eastern colleges as "correct form" for the college man. He is rapidly winning converts from the old-fashioned, long-trousered garb. So far the converts number C. A. Smith, an assistant professor of English in university extension; H. L. Bruce, associate professor of English; Roswell Hum, recently from Yale and a well known former California student; Sydney Demarest, late of Harvard and now of Berkeley; Robert Johnson, member of the Phi Sigma Kappa fraternity; Theodore Merrill, member of the Delta Kappa Epsilon fraternity, and others.

Wed in China

MRS. GEORGE ATCHESON JR., formerly Maraquita de Laguna of Oakland, bride of a romantic ceremony performed in Peking, China.

ROMANCE AWAITS GIRL AT END OF 3000-MILE TRIP

Miss Maraquita de Laguna of Berkeley Married in Peking.

BERKELEY, June 29.—Traveling 3000 miles from home, George Atcheson Jr. and Miss Maraquita de Laguna, prominent graduates of the University of California, found romance awaiting them.

News of the marriage reached friends in the bay district today from Peking, China, where the ceremony was performed in the compound of the American legation in the presence of forty guests, representing the diplomatic corps of practically every nation in the world.

The romance had its inception at a brilliant ball given amid romantic Oriental surroundings. Miss de Laguna went to the Orient several months ago with Stella Benson, English novelist, to gather material for literary work. Instead of returning to this country, she remained in Peking as secretary of the Rockefeller Institute.

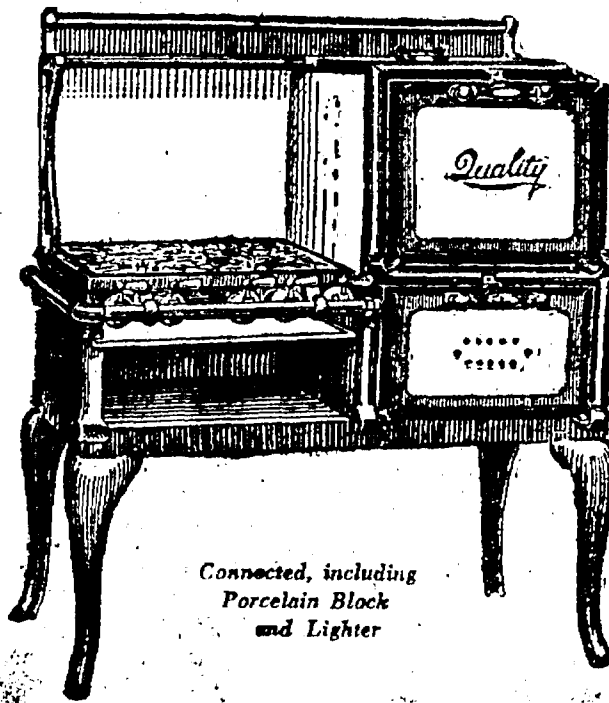

Atcheson went to China several years ago, where he held a position as student interpreter at the American legation.

Mrs. Atcheson is the daughter of Mrs. Anna de Laguna, 5107 Grove street, Oakland, her father, the late William de Laguna, being a descendant of one of the oldest Spanish families in the state.

BRITISH TROOPS PUT ON GUARD AT DUBLIN'S BANKS

Fighting Continues at Four
Courts and Rebels Seize
More Buildings.

timated at 15 dead and 40 wounded. The bombardment of the Four Courts has been continuous since 4 p. m. Wednesday, with the exception of one hour between 12 and 1 a. m. today.

**SITUATION SIMILAR TO
EASTER REBELLION.**
The situation is similar to that of the Easter rebellion of 1916 except that many who took part in that rebellion are now fighting on the side of the government.

At the command of the defunct Rory O'Connor, the rebels massed for a fight to the finish on the Free State government.

Terrific fighting broke out on the streets of Dublin as assaults failed to move insurgents from their stronghold in the Four Courts and other buildings.

On Dame street, passers by were thrown into a panic when Free State soldiers and insurgents fired volley after volley. One was killed and three seriously injured.

Westmoreland street was the scene of shooting. Casualties are unknown. The insurgents exploded a mine on the corner of Talbot and Gardner streets.

By DANIEL O'CONNELL,
International News Service Staff
Correspondent.

DUBLIN, June 29.—Colonel Moulden and Captain Vaughan of the Free State army were killed when a detachment of their troops was attacked from ambush. Countess Markiewicz, one of the chief adherents of Eamon de Valera, Republican leader, has joined the Communist forces that have thrown in their fortunes with the irregulars. She has been put in command of Communist headquarters in Georges street.

A great many women have en-

tering your saw and your hammer.

Also your friends. We will have lumber on the grounds for you to begin building your own home. This lumber will not cost you one penny and if you finish the house before the "other fellow" we will also present you with an extra \$25 in cash. Chevrolet Heights or Columbian Park is an ideal location for the man wishing a one-man farm or the artisan who wants his own home. For further information call Frank W. listed in the Republican ranks and are assisting the irregulars and Communists. All kinds of materials are being commandeered. Residences at the corners of strategic streets are being seized and converted into blockhouses.

**DE VALERA PRAISES
ACTION OF REBELS.**

DUBLIN, June 29.—(By the Associated Press.)—Eamon de Valera, in an interview granted today at the headquarters of the Republican party, eulogized the Irish army dissidents who are holding the Four Courts as "the best and bravest in our nation."

"They would most loyally have obeyed the will of the Irish people freely expressed, but are not willing that Ireland's independence should be abandoned under the lash of an alien government," he said.

Michael Collins, chief of the Irish provisional government, has issued a long statement accusing irregulars of wantonly precipitating the disorders.

"Under cover of revered battle cries, the mutineers have enlisted Irish youth and sent them deliberately to the task of creating disorders," declared Collins. "Citizens of Ireland, the government confidently relies upon you to co-operate in the steps which are being taken to restore order."

**BARRACKS STORMED
AND CAPTURED.**

DUBLIN, June 29.—Free State troops stormed and captured Drogheda Barracks in County Louth, about 25 miles north of Dublin, today, according to reports reaching Belfast.

Apparently the barracks were held by insurgents.

**Initiative Is Aimed
At Private Schools**

PORTLAND, Ore., June 29.—Private schools in Oregon will be prohibited if an initiative measure to amend the section of Oregon's laws making education compulsory November. The initiative petition obtained 50,000 signatures in two days.

The amendment provides that every child between the ages of 8 and 16 years must attend a public school under penalty of the parent or guardian being guilty of a misdemeanor. Exceptions are made for children physically unable to attend, those that have completed the eighth grade, those living a mile and a half or three miles from school, according to ages, and those receiving private instruction, provided that such children must report every three months for examination by a school official. The act would take effect September 1, 1926.

**Shriners Visit
Kilauea Volcano**

HILO, T. H., June 29.—Shriners aboard the steamers Nils and Malsona were widely entertained. The entire party visited the volcano of Kilauea and was entertained this evening at the yacht club. Al Malukah Temple's drill team and chanters, from Los Angeles, added to the entertainment when the entire party from the two steamers held a parade.

that can be raised by taxes is sufficient to build a bridge.

**SAYS ONE BRIDGE
NOT NECESSARY.**

Tibbitts said an engineer whom the board had consulted estimated the cost of a tube would be \$2,340,000. Stants replied that engineers consulted by the county had estimated the cost at \$4,000,000.

Tibbitts said: "The people of the county in general are not interested in whether there is a bridge or a tube between Alameda and Oakland. If necessary the interests along the inner harbor at whose request the United States engineers ordered the bridges removed, may request the engineers to prohibit the construction of any bridge and keep entirely clear the entrance to the inner harbor. As a matter of fact, the Webster street bridge is not entirely necessary. Owing to the constant interruption of traffic, people are coming more and more to use the Park street bridge, and the removal of the Webster street bridge would not constitute a particular hardship to them."

**COULD GET ALONG
WITHOUT SO MANY BRIDGES.**

Supervisor Stants declared he concurred heartily with Tibbitts in the matter, as he said there were now already more bridges across the estuary between Alameda and Oakland than between New York City and Brooklyn, and in his opinion Alameda and Oakland could get along without so many bridges.

J. R. Christy of the Bethlehem Shipbuilding Corporation, followed Stants and declared that the matter ought to be put up to the people.

John L. Harrington, who furnished the estimate for the county, declared that he and Lochiel M. King, who estimated the cost of the tube for the committee, and County Surveyor George Posey can undoubtedly get together, make an estimate on the cost of a tube and a bridge and submit it to the board of supervisors in time for it to be placed on the ballot.

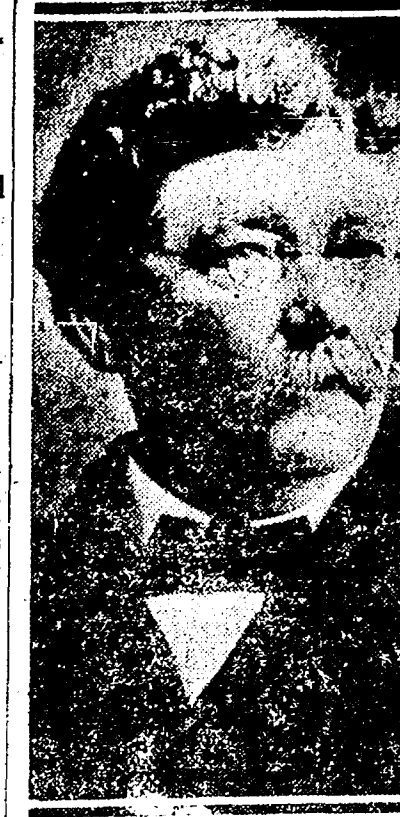

William Hamilton, chairman of the board of supervisors, declared his belief that if the estimate of the cost of a tube is made as low as possible the people of Alameda county will vote for its construction.

Realty Man, Dies**

A. K. PERCIVAL, well-known Oakland real estate man, who is dead at his home following a long illness.

**Had Been Engaged in Business Here For Quarter
of Century.**

A. K. Percival, well known local real estate man, died Tuesday at his home, 1510 Harrison street, after a long illness. The funeral will take place tomorrow.

Services will be held first at the home and at 11 o'clock a. m. in St. John's Episcopal Church. Rev. Barrett officiating.

Percival was 73 years old, and had engaged in the real estate business in Oakland for 25 years, up to his retirement from active business about a year and a half ago.

At that time he was taken ill and had been gradually failing since that time.

He was a graduate of Franklin University, Indiana, and a Mason. He was engaged in other commercial activities in addition to his real estate business.

He organized five large oil companies in this part of the country. He also had extensive holdings in Merced county.

He was a native of Caledonia, Canada. He is survived by his widow, who nursed him through his last illness.

estuary tunnel met at the office of W. G. Tibbitts, 1 Drumm street, San Francisco. The recommendation of the committee read as follows:

"The mode of access to the inner Oakland harbor should be made as favorable as possible, looking forward to the future of commerce conditions as are to be anticipated in years to come. That the interests in the estuary and inner harbor demand the very best approach that can be given in order to maintain the present commerce now entering the inner harbor, and to prepare for the great increase that will follow the improvement now under consideration. That the value of land for leasing purposes over the approaches on the Oakland and Alameda side, and the wharfing privileges on each side of the estuary along the right-of-way will bring in a yearly sum of money that will help substantially in the construction of the tunnel.

"The street railway system should pay a good yearly rental for the purpose of using one of the tubes for uninterrupted traffic. That the depreciation in value of the property in the neighborhood of the overhead trestle, should a bascule bridge be built, should be taken into consideration.

"That the future of the inner Oakland harbor is at stake and is balancing on the decision of the Board of Supervisors, whether a temporary bridge or a permanent tunnel shall be built that will solve the problem of traffic at this point.

"That the honorable Board of Supervisors should consider this question seriously and should find means whereby the wishes of the interested industries on the estuary and the inner Oakland harbor shall be served by a tunnel rather than a bridge."

Many Changes to Begin With New Fiscal Year

Saturday, July 1, will commemorate the first anniversary of the Davie-Colbourn-Carter-Baccus administration taking office, and also bring in the new fiscal year, release money for many public projects, and do one or two other things which will affect various departments vitally.

Walter J. Petersen, dismissed captain of inspectors and storm center in police politics for the past two years, will formally return to office, having been reinstated by order of the civil service board.

Reorganization of the street department, affecting the powers and prerogatives of many sub-chiefs, takes effect July 1.

Reorganization of the board of education for the coming year also takes place Saturday, at a special meeting at 11 a. m.

POLICE TO DROP FEUDS.
Petersen, taking office as captain of inspectors after a long absence, has secured permission to gather the entire police inspector corps together for an informal talk at the beginning of his new administration. Commissioner Frank Colbourn says he will also give a short address, demanding the dropping of all personal and political feuds in the police department and calling for full co-operation of the bureau as a whole, irrespective of personal feelings.

When Petersen takes office, Inspector Captain Richard W. McSorley returns to his former rank as inspector though the other officials of the bureau will remain as at present.

STREET DEPARTMENT.
The reorganization of the street department, as outlined recently by City Engineer and Superintendent of Streets W. W. Harmon, merely means that certain sub-officers will report to him directly instead of to certain bureau chiefs; but Harmon admits that the order takes much power from the aforementioned bureau chiefs, allowing them

to concentrate on some one particular job. Harmon admits that there has been some dissatisfaction with the operations of certain bureaus in the street department, and says that the new system may inject some "pep" into the departments which, he asserts, were somewhat lackadaisical.

BOARD OF EDUCATION.
The reorganization of the board of education is not expected to be intricate, except for changes in some committees. At present Harry Boyle is president of the board and George W. Hatch is vice-president. Director Daisy Short is averse to a continuance of Boyle in office and Director Georgia Ormsby is away on sick-leave, but the other board members have expressed no intention to make a change, even though they admit they disagree with the chairman as to policies. However, as Boyle is a minority member, it is admitted that his rulings can be overruled at any time and, according to one member of the board, "we might as well have Boyle as anybody."

No member of the board, however, has admitted that his mind is entirely made up on the subject and final conclusions cannot be reached until the Saturday meeting.

The beginning of the fiscal year brings funds into various departments which for the past few weeks have been going on short rations from the leanings of the old 1921-22 budget. The new 1922-3 budget is not yet made up, but will not be for perhaps several weeks, but the departments will on Saturday feel authorized to draw on fresh funds for whatever is necessary.

SATISFIED WITH RESULTS.
As for the first anniversary of the Davie-Baccus-Colbourn-Carter administration, these members of the council express satisfaction with the results and claim that there have been fewer quarrels

and hectic scenes in the city council during the last year than in any previous three months.

As for results of the administration, Mayor Davis points to improved municipal conditions in general, Commissioner A. E. Carter notes that the public works of the city are in better shape than ever before, Baccus "points with pride" to certain street improvements and Colbourn says he believes he "has the police department in fairly good shape."

Since taking office Colbourn has "fired" about 25 policemen accused of improper conduct or demanded their resignations. He asserts that the "rougher element" of the police force is "pretty well thinned out except for a very few."

Of all the sub-officers in the city hall who were there during the old regime, the past year has seen the disappearance of all except Carl Hays, a city electrician, who never was in politics, and Leon E. Gray, who was in the city attorney's office during the old regime but favored the new one.

NOME, Alaska, June 29.—(By International News Service.)—Captain Raold Amundsen put to sea in the exploring ship Maud yesterday afternoon at 2 o'clock, escorted by a fleet of Nome vessels headed by the United States coast guard cutter Bear, Captain Cochran. Final farewells took place several miles out in the Bering sea as Captain Amundsen turned the prow of his vessel toward the Arctic sea.

**Trapshooters Enter
Meet at Portland**

PORTLAND, Ore., June 29.—At least ten star shooters of the San Francisco Gun Club will be here for the third annual Pacific Coast zone handicap trapshooting tournament July 13, 14, 15 and 16. This information reached O. N. Ford, manager of the Portland Gun Club in a letter Tuesday from one of the southern club's officials.

Among the San Francisco "gun men" who will make the trip will be Fred Blair, Lou Pierce, Paul Burns and Tony Prior. Blair recently won the registered tournament of the Vernon Gun Club. In this tournament he potted 686 out of a possible 600 targets for an average of 57 plus in competition with scatter gun artists who had practiced months for the event.

BORN
ASSASSINS SLAY GENERAL CHEN, IS MANILA REPORT

Dr. Sun Yat Sen Holds to Canton Presidency, Despite Unifying Plan.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. MANILA, P. I., June 29.—Chen Chung Ming, whose recent coup d'etat drove from Canton Sun Yat Sen, president of the South China republic, has been assassinated, according to a cable despatch received here today from Shanghai by Kongshe, a local Chinese daily identified with the adherents of Sun Yat Sen. Reuter's News Agency fails to confirm the report.

General Chen Chung Ming, after capturing Canton, notified the northern leaders, Li Yuan Hung, the provisional president of the Peking government, and General Wu Pei-fu, the dominant military figure of the north, that he was ready to join them in their movement to reunite China under the central government at Peking. He proposed that the provinces be given an autonomy similar to that of the states in the United States. General Wu expressed hearty accord with this principle.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. CANTON, June 29.—Undismayed by reports of further support for the move to unify China along lines which he has not approved, Dr. Sun Yat Sen is holding out the presidency of the Canton government with a tenacity apparently equal to that which he clung to in the days before the Manchus were overthrown.

Dr. Sun has set up his headquarters at the naval college at Wham-poa, near here, and is firm in his declaration that when his army of invasion returns from Kiangsi province he will be able to re-take Canton and re-establish the regime of which he is the head. Fifty thousand troops are comprised in this army, according to the best available estimates, while the forces of Chang Chiang Ming, who ousted Sun from his capital, are believed to be smaller.

Washington Street Merchants Organize for United Action

Dealers Mobilize to Create Business and Handle Common Problems.

For the purpose of developing the Washington street business district, the merchants of Washington street have formed a Washington Street Merchants' Association. Announcement to this effect is made by S. B. Swan, treasurer of the new organization.

The Association, according to announcements made, will be constructive in all its efforts. It will undertake first to promote unity among the merchants doing business in the Washington street district, and then, with the mobilized energy of all the merchants, initiate campaigns for the purpose of creating more business and meeting, as a unit, any problems that affect the business men in that section of town.

"The individual merchants along Washington street can well point with pride to the things they have accomplished as individuals," declared Swan. "Think then, for a minute, of what may be accomplished when all the merchants in the street combine to go after one particular object."

"Washington street is the logical retail center of the city. Transportation facilities in the Eastbay district are such that it is within easy access of East Oakland, West Oakland, Berkeley and Alameda. The time has passed when the Oakland merchants can afford to concern themselves solely with their own interests. It is now up to them to get together and collectively solve the problems which come up, and go after and develop new business."

Members of the Association point out that the Washington street district, which extends only eight blocks, maintains a large part of the retail business in Oakland, and state that it has the opportunity of winning for itself the distinction of being the busiest street of its length in the entire country.

"DANCE OF DEATH." NEW ORLEANS.—Crying out to her husband, "You are killing me," Mrs. Edna Larousse drank poison and died. She had found her husband dancing with another woman.

PLAN TO BANISH SOLID TIRES ON AUTO TRUCKS

MARTINEZ, June 29.—Contra Costa officials who are to attend the annual convention of state supervisors and surveyors in Eureka next month will urge recommendations that the legislature enact laws banning solid tires on automobile trucks, they announced today. Preservation of highways, they say, makes imperative enactment of such legislation.

DEVELOPMENT OF OAKLAND IS NOW ASSURED

George Mellon Tells How
Work Can Be Expedited
By United Efforts.

Oakland's metropolitan development is assured, but the inevitable process can be hastened by the united effort of its citizens through the Chamber of Commerce.

Such was the keynote of the address delivered yesterday by Geo. Mellon, representing the business extension department of the Bank of Italy, before the Loyal Knights of the Round Table at their weekly luncheon at Richard's cafe. The gathering was also addressed by the Rev. Clarence Reed, who spoke on "California—Our Holy Land."

Mellon's talk was one of several made yesterday in the interests of the movement now in progress to provide the Oakland Chamber of Commerce with an annual income of \$100,000 to permit a broader scope of activities.

OTHER TALKS MADE.
The other talks in support of the campaign were delivered by Harrison S. Robinson, chairman of the campaign executive committee, who addressed the Loyal Knights at the Oakland hotel; J. H. MacLafferty, who spoke to the Progressive Business Men's Club, and Bruce Malden, who spoke before the Real Estate Board.

The addresses were similar to the extent of urging members of Oakland's various organizations to line up solidly behind the chamber's campaign and give not only of their money but also of their personal service in making it the success it should be.

MEETING SUCCESS.
The whirlwind speaking campaign of the chamber, which precedes its intensive canvass for funds the week of July 10, is having unusual success in obtaining support of the various public and fraternal organizations in the city.

Mellon, as secretary of the organization he addressed, drove the fact home that the Chamber of Commerce deserved the support of every man who lives or does business in the Eastbay district.

"The Chamber of Commerce is the best medium with which to bring Oakland into its own," declared Mellon, "and it is the duty of every man in Oakland to get solidly behind this expansion movement."

Local Resident Weds Niece of Stanford Head

MRS. OLIVER MICHAEL KISICH, whose marriage at Belmont was pleasant surprise to Stanford students and sorority sisters of the bride who is an Alpha Phi and graduate of Stanford University.—Blanca Conti photo.

Oliver Kisich Miss Margaret Shedd Married At Belmont Chapel.

Cards announcing the marriage of Miss Margaret Cochran Shedd and Oliver Michael Kisich, Wednesday, June 21, at Belmont chapel, down the peninsula, were received today by Eastbay friends of the couple. The ceremony was in the nature of a nuptial mass celebrated by Fathers Callahan and Murray of that parish.

The bride was attended by Miss Berenice Kisich, sister of the bridegroom, and Miss Edna Wilbur of San Francisco and Dr. Ray Lyman Wilbur of Stanford University. The bride-elect is a member of the Alpha Phi sorority. Kisich is a son of the late Pasqual Kisich and Mrs. Kisich of

What's Happening in the Motor World

In a bulletin just issued to hotels, Camp Curry in the Yosemite valley announces that, while its bookings are very heavy under the Fourth of July, there will be plenty of room following that date.

The late opening of the roads points to the fact that the season is this year about a month late. The Wawona road opened May 15; the Big Oak Flat, June 21; the Glacier Point Road is due to open about July 10, and it is expected that the Tioga Road, Yosemite to Tahoe, will be ready for travel about the same time.

The Merced river and Yosemite's waterfalls during June have been greater in volume than at any time in 40 years, and July should average about as well as the June of the past three summers.

July is the month for flowers. The dogwood, azalea and wild lilac are gone from the floor of the valley, but they are in their prime in the higher altitudes about the rim. In the valley itself a profusion of the flowers of meadows and woods—columbine, monkey flower, Queen Anne's Lace, the penstemon family, the evening primrose and countless others.

Camp Curry's Campfire Concerts have been attracting a great deal of enthusiastic comment. They are under the direction of Miss Carol Weston, a violinist of unusual ability. Fifteen hundred to two thousand people from all over the valley have been attending them nightly. The Firefall at the close, in response to Stenor Don Treslender's call to Glacier Point, three-quarters of a mile above, is a dramatic climax.

Park View Terrace, Oakland. He is also a Stanford student. After their honeymoon, which is being spent in Coronado, the couple will visit General Charles Daves of Washington, D. C., the bride's uncle.

BUILD THE FRAME WORK FOR YOUR FUTURE INDEPENDENCE. Make July 4th a real Independence Day for yourself and family. Take the rest which you would pay for July and make that the first payment on a home site and we will present to you free enough material to build your own home, and if you can beat the "other fellow" we will also present you with \$25 in cash. This is your chance. Call Frank W. Epperson, Tract Manager, Realty Syndicate Company, Lakeside 1600, and let him tell you about it. There will be an expert on the grounds to show you how to build your house.—Advertisement.

BRITISH DEMAND DEFINITE PLANS IN RUSS PARLEY

Property Restoration Discussion Begins to Take Practical Shape.

THE HAGUE, June 29.—(By the Associated Press.)—Sir Philip Lloyd Graeme, of the British delegation, insisted upon the consideration of definite propositions, in today's discussion with the Russians here of plans for the restoration to foreigners of the property they held in Russia before the Soviet took over control. It was time to quit discussing glittering generalities, he declared.

Sir Philip suggested that all property or undertakings of foreigners in Russia should be divided into two classes for the purpose of determining in what manner the Russians would restore possession to all the old owners. In the first group he would place the industrial and commercial enterprises, such as engineering work, textile factories, public utility work, mines, timber and oil undertakings, and banks and distributing trades.

This class would embrace the extremely large American interests involved, including the International Harvester company's great plant near Moscow, the National City bank's branches in Petrograd and Moscow, the Westinghouse and Singer company's plants and the Standard Oil holdings in the Caucasus.

In the second class, the scheme places immovable property, such as land, houses, buildings and forests, in so far as they are not included in the first category. In addition to these groups, Sir Philip explained it would be necessary to deal with miscellaneous items, such as trade and private bank balances and deposits and shares in company and personal property, but he urged that the question of the restoration of possession in the case of the industrial and commerce groups be given first consideration.

Elwood Haynes To Be Honored
Final plans for the gigantic July Fourth celebration in honor of the twenty-eighth anniversary of the initial trip of America's first mechanically successful automobile on the Pumpkinville Pike, near Kokomo, Indiana—the day when the automotive world will do honor to Elwood Haynes as the father of the American automobile industry—are now rapidly being completed, says Philip S. Cole, Haynes dealer here.

The celebration is taking on a national aspect, and hundreds of the nation's leading men will journey to Kokomo on July Fourth to do homage to Mr. Haynes as one of the greatest inventors of the age.

ALPINE CLUB TO MEET.
SAN FRANCISCO, June 29.—The California Alpine club will hold its quarterly meeting next Sunday at Sawyer's camp, near the Spring Valley lakes. The 8 a. m. suburban car at Fifth and Market streets will carry the party to Millbrae, the starting point to the walk to the camp.

Frogs have teeth in the upper jaw only.

S. P. Asks Cities to Oppose Rail Divorce
OGDEN, Utah, June 29.—William Sprout, president of the Southern Pacific Company, in an address yesterday to Ogden Rotarians, likened the Supreme Court decision which orders separation of the Southern Pacific and Central Pacific to a fatal malady which strikes a man in his own home.

President Sprout said the company hoped by lawful means to counteract the effect of the Supreme Court order, and he said that the Southern Pacific relied upon communities in territory served by the road, to assist the company to this end.

COLORADOAN RETURNS HOME.
RICHMOND, June 29.—Mrs. Margaret Scott, former Richmond resident, who has been on an extended visit here, returned yesterday to her home at Colorado Springs, Colo. Mrs. Scott, while here several years ago, was prominent in club and fraternal circles.

Alameda county's delinquent tax list is larger this year by more than 10,000 than it was last year, according to Edward T. Planner, county tax collector. Planner says the books for the fiscal year at five o'clock Tuesday evening and on Wednesday morning, July 3, will make the list to the board of supervisors. Preliminary trial balances, of the

...s indicate about \$130,000 due to the county in delinquent taxes. It was compared with about \$120,000 of the July 1, 1931.

Delinquent taxes due Alameda County must now be paid to County Auditor E. F. Garrison. It was announced by Placer, and incidentally those who will be an added penalty for those who have let their taxes go.

Will Be Scrapped
The U.S. Navy will scrap the USS Arizona (BB-39), the oldest battleship in the fleet, after 45 years of service. The ship was launched in 1916 and served in the Pacific during World War II. It was damaged by a Japanese bomb on December 7, 1941, and was raised and placed in a museum in 1948. The ship is now in the process of being dismantled and the steel will be sold for scrap.

AGED VETERANS MADE VICTIMS OF BOOTLEGGERS

Governor Appealed to in
Commandant's Report
On Conditions.

That Governor William D. Stephens has been appealed to by Colonel Russell C. Martin, commandant of the Veterans' Home in Napa county, in the fight of that institution against the activities of bootleggers and robbers who victimize old soldiers, has been revealed with the making public of a report issued from the Yountville home.

In supporting the sensational charges made by Captain S. M. Montgomery, adjutant of the Veterans' Home, to the effect that Civil

War veterans periodically are drugged, robbed of their pension money and thrown out of automobiles into ditches and fields, Colonel Martin declares that such a state of affairs is a disgrace to the state of California.

"The commandant of the Veterans' Home says:

"Bootleggers in the surrounding territory have piled their nefarious tactics on a few of our veterans to steal their money away from them and cast them aside to be returned to the hospital and nursed back to health.

"The public will shrug its shoulders at the sight of one of our old, feeble veterans under the influence of cheap, and sometimes drugged, liquor and never raise a hand or voice against the well-known disreputable blind pigs where the weakness of our feeble old boys is played upon until they are completely debauched, robbed of the last dollar of their honorably earned pensions and thrown out to find their way back to the home and hospital.

"The disgrace of such a condition of affairs should not rest upon the officers or members of the home but upon the community that allows it to exist."

Masquerades were created in the sixteenth century by an Italian, it is said.

TAUNTING BOY FATALLY SHOT

KANSAS CITY, Mo., June 29.—(By International News Service.)—Peter Carranusa, 9, was fatally shot in the front yard of his home here today.

"Monkey face, monkey face," was the boy's taunt, according to the police, to two other boys across the street.

One of the boys had a rifle. He raised the gun, took aim and fired at Carranusa. The shot went wild. The boy then fired a second time, police declare, and Carranusa fell, shot through the chest. He died a few minutes after being taken to a hospital.

ABATEMENT SUIT FILED.

SAN FRANCISCO, June 29.—An abatement suit has been filed under the Volstead act in the United States District Court by J. Raleigh Kelly, assistant United States attorney, against the Maple saloon, 600 Broadway, Oakland. Peter Balagoo, proprietor, and others are named in the suit.

RATTLER CHASES AUTO IN SPIE OF VOLSTEAD

WESTPOINT, June 29.—As Pete Derico of this place drove slowly along in his car a monster rattlesnake chased him down the road, almost unnerving the driver, who stopped, however, drew out his revolver and at the second shot cut the snake in two.

Derico says he saw the snake by the side of the road as he passed and that it looked to be six feet long. As he was going slowly, he looked back and to his amazement it started down the dusty highway after his machine. He did not attempt to measure the snake, but declares it was by far the largest he had ever seen.

Gold Is Limited At Russ Frontier

MOSCOW, June 29.—Foreigners and Russians entering Soviet Russia may bring with them foreign or gold money to the value of 250 gold rubles, but any surplus will be changed by the customs officials at the frontier into Soviet paper money at the official rate, according to a new order of the commissariat of finance.

BARHAM BORNE TO LAST REST

LOS ANGELES, June 29.—Mourning the death of one whom they held in deep affection, a sorrowing assemblage gathered at the First Congregational church this morning to attend the funeral rites for Guy Brinton Barham, late president of the Evening Herald Publishing Company. Barham died in London, June 9, following an operation undertaken for the relief of a malady of the throat.

In respect to the memory of the deceased president of the company, all activities of the Evening Herald were completely suspended for a period of ten minutes between 10:30 and 10:40 o'clock.

A special police guard of motorcycle officers led the cortege to Rosehill cemetery, where interment took place.

Flags were at half mast on many of the public buildings and Judge Summerfield adjourned court out of respect for the deceased.

Supreme Councilman Will Address Moose

A. P. Entenza, supreme councilman Loyal Order of Moose and national judge advocate of the Spanish-American war veterans, formerly of Detroit, Mich., and now a resident of San Francisco, will address Oakland lodge of Moose tomorrow evening, June 30. Arrangements for the meeting are in the hands of an entertainment committee of which Lee Bertillon is chairman.

EX-TREASURER IS PENNILESS

NEW YORK, June 29.—Creditors of the stock brokerage firm of Kardos and Burke, which failed for \$3,000,000, were informed at a meeting that the two partners, John Burke, former treasurer of the United States and governor of North Dakota, and Louis Montgomery Kardos Jr., were penniless. The creditors had gathered to listen to the examination of Burke and Kardos, but neither appeared, and the meeting had to be adjourned. Burke is in North Dakota and Kardos is in Budapest, Hungary.

Burke's financial plight was portrayed by his attorney, who told the anxious creditors that the former treasurer of the United States did not have enough money to buy a railroad ticket for New York.

HURT IN AUTO CRASH.

EUREKA, Cal., June 29.—Richard G. Walton, traveling salesman for a San Francisco hardware firm, suffered severe bruises on his head and lacerations of his right arm when the car he was driving collided with one driven by H. W. Irwin of Ukiah. Walton's car was overturned and wrecked.

Activities of WOMEN

Hindu Thinker To Talk at Fine Arts Tea

At a time when intelligent men and women are avid to hear every word of enlightenment on the world's labor problems, the talk of Bahman Pashendi Wanda, tomorrow afternoon at the University of Fine Arts Society, promises to bring out the full membership of the guild—the distinguished Hindu having been intercepted on his way to India from the League of Nations Labor Conference at Geneva, to which he was a delegate.

The civicist and philosopher—dignified terms for so young and good-looking a fellow—put in three months lecturing in France, England, Holland, Belgium, and the North countries; and on his arrival in New York he was swept off his feet by the insistence of the progressive clubs to hear the last word from the famous conference.

He comes to San Francisco from Canada, where he talked in all the big centers.

His talk—a non-academic discussion of economic and social conditions, and the way out—is to be "India's Message to the World." Mrs. William Hinchley Taylor, who returned a few days ago to her Piedmont home from the south—where she motors every month with Mr. Hinchley—will preside at the meeting, presenting the thinker from the Far East.

Marie Hughes MacQuarrie, the harpist, will be the soloist, tea following. At the speaker's table will be Mrs. George P. Marve, Mrs. James W. Keeney, Mr. and Mrs. Jean de St. Cyr, Mr. Robert Burroughs, Judge and Mrs. Harper, Judge and Mrs. George H. Cabiness, Mr. and Mrs. Willis Felt, Captain and Mrs. George Landonburg, Mr. John Drew, Mrs. Leslie Carter, Captain and Mrs. Tompkins, Mrs. George J. Harding, Professor and Mrs. H. V. Bolton of the University of California, Laura Hope Crewes.

DATE SET FOR WEDDINGS.

The date for the wedding of Miss Alice Frances Culver, daughter of Mrs. Charles Marshall Culver of Alameda, and Harold Bolger Kahn has been set for Friday evening, August 25, Christ Episcopal church in Alameda to be the setting for the affair. Several hundred guests will witness the nuptials.

Mrs. Philip Teller Holden will send out cards soon for a bridge at

her home in Dayton avenue, for August 15, in honor of the bride-elect, and a number of other affairs are in the planning.

The wedding of Miss Culver and Kahn will be one of the outstanding ceremonies of the Autumn month.

The Charles Bates will leave Saturday for Santa Barbara with their children to remain for the summer. They will be guests at the Miramar hotel.

The Oscar Sutros of Piedmont will leave Saturday for Glenbrook to pass the summer. They will be accompanied by their two daughters, Barbara and Mary Ann Sutro. Miss Barbara Sutro attends Miss Ransom's and her sister is a student at Menlo Park, Sacred Heart convent.

CHRIST CHURCH SCENE OF WEDDING.

For the wedding of Miss Marion Stanley and Gustavus Jefferson Hunt in Christ Episcopal church, Alameda, last evening, the chancel was arranged in myriads of candles and quantities of pink roses and white blooms against a background of greenery. Later at the W. J. Stanley home in High street, where the reception and wedding supper took place the same color scheme was carried out. The bride, who is one of the most attractive of the younger girls, wore a handsome wedding gown of white crepe de chine over a foundation of satin. It was made entrain, over which was draped the bridal veil of Chantilly lace. A bridal shower of orchids and lilies of the valley completed the costume.

Mrs. Nathaniel Neal (Agnes Planagan), who was matron of honor, wore apricot chiffon and

Cantilever Shoe

The Canny Scot
Picks a Shoe

Dr. S. D. Fairweather, of Aberdeen, Scotland, probably never saw the Cantilever Shoe, but he described it pretty closely in the Lancet (London) when he gave his views on the ideal walking shoe. "The average woman gets no spring from the foot when she is walking," he said, "being content with a lateral wobble of the ankle and rotation of the foot around its long axis instead of the natural springy heel and toe action. Any elasticity she gets is from flexion and extension at the knee, her feet being no more springy than blocks of wood."

Dr. Fairweather describes the ideal shoe as a "close-fitting, pliable covering of leather, supporting without immobilizing or hampering the structures in the arch and ankle. We know that many women have found comfort in the Cantilever Shoe with flexible arch giving that spring to the foot which you, too, would find so enjoyable in walking. Cantilever heels are of modish height. Come and see how good looking a combines all these approved features."

Mr. and Mrs. Gardiner Soper of New York City are coming west in July to visit the parents of Mrs. Soper, Rev. and Mrs. William H. Soper, of 1085 Clarendon Crescent, in this city. Mrs. Soper was Miss Elsie Jenney until her marriage, at which her father, who was then rector in the Episcopal church at Hoboken, N. J., where he served for thirty years, officiated. While west Mr. Soper, who is a portrait painter, will do a number of studies of the John A. Fulton family of Grass Valley.

Mrs. Elizabeth Searle, who was Miss Elizabeth Green before her marriage, has returned to Oakland for a visit after an absence of four years. She is now making her home in Vancouver, B. C., and Seattle. While in Oakland she will be domiciled at 2456 Fourteenth avenue.

THREE FLYING CADETS KILLED

SAN ANTONIO, Tex., June 29.—Three aviation cadets were killed and their bodies burned when an airplane in which they had just risen at Brooksfield fell from a height of 200 feet last night. The killed are Waldron R. Farrell, 24, of Philadelphia, who was piloting the machine and was killed instantly.

William C. McCoy, 22, Nashville, Tenn., and George C. Thompson, West Philadelphia, Pa., were killed. Farrell and McCoy are said to have gone from their station at Kelly Field to Brooksfield. Thompson had arrived at Brooksfield from Carlstrom Field, in Florida, a few hours earlier, and was on his way to report for duty at Kelly Field for advanced training in the bombardment group.

BREWING PLANT SOLD CHEAP.

ST. LOUIS, June 29.—The plant of the William J. Lemp Brewing Company, one of the oldest and largest breweries in the country, was sold at public auction here for \$588,500. The property was appraised at \$5,000,000. Prohibition rescued the brewery to go out of business.

THE VALUE IS THERE

SOME PIERCE-ARROW owners have driven their cars two hundred thousand miles. Even for ardent motorists this means a good many years' use. These car owners are men who have a new car every year without scrimping, if they like. Their loyalty to their old Pierce-Arrows is their tribute to a piece of machinery that has served them well and deserved their confidence. To those just about to buy a new car this matter of durability is worth thinking about, even without looking forward to ten years' satisfactory service with the same car. It comes to the same thing. This potential value is there whether you use it or sell and buy again.

Delicious Hot-Day Lunch

BEST lunch is two packages of Little Sun-Maid Raisins and a glass of milk. Tastes good when you're hungry.

Nourishes yet keeps you cool.

Raisin's 75 per cent fruit sugar is in practically predigested form, furnishing 1560 calories of energizing nutriment per pound.

Doesn't tax digestion so doesn't heat the blood, yet energizes almost immediately.

Big men eat little lunches to conserve their thinking power.

REALTY MEN GET BEHIND PLAN TO IMPROVE CITY

Following Survey by Lafler Prompt Offers Made to Aid Move.

Following a survey by Harry A. Lafler, industrial expert, of various aspects of city planning, in which he declared Oakland to be lagging behind, the Oakland Real Estate Board at its meeting yesterday decided to reorganize its civic development committee, and to charge this committee with the task of mapping out a city improvement program, such as outlined by Lafler.

Bruce Malden, past president of the board, offered to subscribe \$1000 towards a \$25,000 fund, to be used in the working out of a city improvement plan by experts.

A similar offer was made by Fred Reed.

Lafler, who recently made a tour of various eastern cities for the purpose of studying civic development, said in the course of his address: "Oakland cannot expect to attain its rightful position unless it brings about a forceful organization. This will be a truly big city within the next thirty years or so, but this desirable development can be anticipated by at least a decade through intelligence and concentrated effort."

Lafler declared that he found Oakland to be lagging behind several Eastern cities in such matters as: Parking areas in residence districts; comprehensive planning of residential district development; embellishment of the city by monumental works of art presented by loyal citizens; development of city center, restrictive zoning, up-lifting of railroad lines in terminals; fresh water supply, and general harbor plans.

Lafler declared that the city was suffering as a result of the lack of unified and intelligent effort in these respects.

Professor Turns Science of Life to Buying Telescope

DELAWARE, O., June 29.—Within the next few years, there will arise on Observatory hill on the campus at Ohio Wesleyan University here, a huge concrete bulk, with a long finger pointing skyward. It will be the third largest telescope in the world.

At that time, an old man may look from the doorway of an out-of-date brick house near the great instrument, and recognize in it a monument to his perseverance and the dominating ideal of a life that will have passed the four-score and ten mark.

If he is there to see it, he will be comparatively penniless, as money goes, but rich in happiness.

If he is not there to see it, he has said he will be just as satisfied—because he knows it will be there, whether he is or not.

Professor Hiram M. Perkins, now 89 years of age, started teaching mathematics and astronomy years ago at Ohio Wesleyan, a poor man. During the long years of teaching since then he had amassed a fortune of close to \$200,000 by fortunate investments. But he will die a poor man. Nearly every cent that he has earned and scraped together will be represented in the "bird" largest telescope in the world.

A story that passes understanding is unfolded in the simple announcement by trustees of Ohio Wesleyan that \$250,000 has been contributed for the construction of the telescope. All but \$75,000 of the quarter of million dollars was given by Prof. Perkins; the remainder by his sister and brother-in-law.

Professor Perkins has lived with one dominating goal—to be able to turn enough money over to Ohio Wesleyan University for the purchasing of such a telescope. Not only did he devote all his income from his investments to his telescope fund, but he often contributed to it from his meager salary as a college professor, he and Mrs. Perkins trimming their household budget to make the sacrifice possible.

Japanese Sellers Of Stock Arrested

LOS ANGELES, June 29.—Salvador I. Yokoyama, a Japanese, said by the police to have been an officer in the Mexican army, is under arrest here on a charge of having sold stock valued at \$225,000 in violation of the corporate securities act of California.

K. Nagawasa, bookkeeper or secretary of the Mexican Mining Company, Los Angeles, said that Yokoyama, the name of the organization whose stock Yokoyama was said to have been illegally selling, also has been arrested on suspicion.

It is alleged that Yokoyama disposed of stock for several months before he obtained a license from the state corporation commission. Although he is said to have made sales aggregating \$225,000 mostly to Japanese, several officers said they found only \$300 to his credit in Los Angeles banks.

Officials said they were trying to ascertain whether there was such a company as the one Yokoyama was said to represent.

"DRY" TALESMEN EXCUSED.
SAN FRANCISCO, June 29.—Two talesemen in Federal Judge Dooley's court yesterday asked to be excused from jury duty because they were so strongly in favor of the Volstead act that they could not judge a prohibition case impartially. The talesemen, Mr. Mendell and Charles E. Spaulding, were excused.

SPEEDERS CAUGHT AFTER WILD CHASE

SAN FRANCISCO, June 29.—Racing the police say, at a speed of 60 miles an hour through the downtown district, three men in an alleged stolen automobile, led three patrolmen a chase of at least five miles early today and were finally captured and booked on felony charges.

The driver of the speeding machine, John de Bolt, an 18-year-old clerk, was examined at the Central Emergency hospital after his arrest, and pronounced intoxicated. He is accused of driving an automobile while under the influence of liquor, driving away a machine without the owner's consent, violating the State Motor Vehicle Act and grand larceny.

His companions, Roger Nolan, aged 22, a U. S. sailor, and John Williams, 35, a mechanic, are charged with grand larceny.

Patrolman Harry Gurtler was standing on Kearney street when an automobile shot by him with such speed, he declares, that he was unable to obtain the number. He was accompanied by another machine and gave chase. When the Central station was reached it was discovered that the speeding machine had been stolen from Mason and added to the property of John Gobel, 3761 Sixteenth street.

ACCIDENTS WILL CLAIM 5000 IN YEAR, BELIEF
NEW YORK, June 29.—Judging from reliable statistics of previous years, approximately 5000 children will be killed and 100,000 more injured in accidents during the summer vacation period throughout the United States unless parents and other guardians give greater attention to the safety of their charges. This warning comes from the Safety Institute of America, with headquarters in this city.

Before July 1, the institute points out, something like 20,000,000 children will be thrown on their own devices for amusement by the closing of public and private schools. The accident hazards confronting children throughout the year as a whole will then be multiplied many times by longer hours of play; by the summer increase in automobile traffic, and by the lapse of the school room discipline.

THE SCIENTIFICALLY BUILT WATCH

Talking About "Jewels"

THE value of a watch isn't in the number of jewels it contains, but in the watchmaking skill and care that built the movement.

A Waltham seven jeweled watch once excelled in competition for performance the finest watches in the world.

A Watch may have many jewels in its "works"—but if the "works" are not put together and inspected with the utmost skill, the jewels will not help the time-keeping.

Jewels are helpful to dependability, but other factors are tremendously important.

This fifty-five dollar Waltham Colonial Series, Catalog No. 235, is a watch that will give you a life-time of service because through and through it is built to that watchmaking standard which has given to the name "Waltham" a standard of excellence that is world-respected.

Ask your jeweler to show you this fine time-keeper. He knows how good it truly is.

The Broom Handle Turns off the Gas!

BRIDGET BUSTLE was an industrious soul. She swept and mopped the kitchen—she cleaned the floor back of the gas range.

Then she started dinner. But there was no gas. Excitedly she called the Gas Man. The mistress would be furious, if dinner was late.

The P G and E representative soon arrived. In a moment the gas was on. Bridget, herself, had cut it off when she knocked the stopcock back of the range with her broom handle.

P G and E Service is Continuous

On the pipe leading to your gas range is a valve, or stopcock, which cuts the gas off from the range so that burners may be removed, cleaned, and adjusted. Sometimes, in sweeping, the broom handle will strike the valve and cut off the gas. Watch to keep this valve open.

COLORS, BULLS, THRILLS RIOT IN LIVERMORE

Rodeo Preparations Begin to Transform Town and Stir Excitement.

By BROADWAY BILL.
LIVERMORE, June 29.—Up to the line of the rodeo, this town is a riot of color. Then kind of riots don't call for the marsh or night watchman so you can go as far as you like with your looks and get an awful that oughta last for years. The best Spanish families in town, like the Mike Gallaghans, Dan McGlinchys, Joe McSweeney, is all decorated in their national colors. An corned beef and cabbage has been suspended in favor of chili con carne and Spanish beans.

It's the grandest ill' transformation scene of all time. I was up to the burg a few weeks ago and they wasn't no difference between Livermore then and Pleasanton except that I knew a man in Livermore who owned a vineyard and had a pair of clean gun boots. But you oughta see the old town now. They got so many flags that they gets in your soup and gets mixed up with the transmission of your liver. Every cowboy has got a wider hat than the next one and every little cowgirl has got a brighter dress than the last one you seen. They got all the colors in the rainbow but black an' they ain't no black in no rainbows in this country except in Africa.

Joe Aurecochea, who would get a lot more publicity if his name was Smith or Jones or something, slipped me the double an' the once-over when I struck the burg. Just because I didn't have no red or pink shirt an' wasn't wearin' my hanky roun' my neck an' didn't disguise my legs in sheep's clothin' he thought I was a third story man or a wrestler or sothin' like that. When he asked about buyin' the Portlan' ball club he got a jerky look an' his number so he says he knows a man what didn't sell all his grapes last year an' he wants to prove that it's possible for the things to turn sour after bein' exposed to the air an' I wasn't even arguin' with him.

Having won a bloodless victory Joe takes me to the Rodeo. In where Vera McGinnis and some

Rodeo Cowgirls Pay Visit to Oakland

Here are some of the clever cowgirls who will take part in the annual round-up and Rodeo at Livermore next Sunday, Monday and Tuesday. They are paying their respects to JUDGE C. A. SHURTLEFF and JUDGE W. H. WASTE (right). Below is VERA MCGINNIS, the most daring woman rider in the country, performing stunts in front of the camera at Rodeo grounds.

vera nice other cowgirls is proving that mind can always take a decision over matter for wild horses. Say, if them dames has got life insurance they must have bought it offa relative. Next time one of them insurance pests braces your humble and respectable servant we'll sick him onto them cow janes. They take their lives in their hands an' then waves their hats with their fingers. That's how game they is.

They gotta lot of wild horses an' you can't blame 'em for bein' wild. They never had nobody speak to them afore let alone put a rope around their necks. They're worse than rattlesnakes 'cause a rattler's gotta coil before he can let go a left jab, but them horses hits without gettin' set. They takes a peek at you outta the corner of one eye, aims for your wishbone an' they don't ever waste no punches. You gotta have better footwork than Jack Britton to keep outta the way.

An' they gotta lot of wild bulls that don't need no red hankies to get 'em riled. All you gotta do is to look cross-eyed at them, or call them "daisy" or somethin' like that, an' you'll see more steam comin' outta their nostrils than ever come outta the good old, dear old Blue an' Gold Brewery. They say the only way they got them bulls to come to town was to promise them a fight with a lion every afternoon and an argument with a tiger an' an elephant every evening. Gents havin' trouble at home is invited to see this exhibit. They's other things here that you never seen before but it ain't my plan to gyp the Rodeo committee outa a buck tellin' about it free. The big show starts Sunday an' lasts for three days an' nights.

When you leave home don't make no promises to be back for dinner. Them Livermore folks is the people what put the "Boss" in hospitality.

JUDGES REFUSE TAX INJUNCTION

SAN FRANCISCO, June 29.—U. S. Judges Dooling, Morrow and Hunt today denied an injunction restraining the state of California from collecting taxes due from the Southern Pacific and Santa Fe under the King bill. The matter was argued by counsel for the railroad and the attorney general, and when the injunction was refused, announcement was made that the railroad had agreed to pay the taxes under the old law, amounting to 5.1-4 per cent of the gross receipts and temporarily to withhold the difference between that and 7 per cent required under the King bill, the constitutionality of which is to be determined in the state court.

The Papers? Oh Yes, or Else Ye Che-ild Dies

NEW YORK, June 29.—A tense moment in the Lockwood committee's investigation into the proposed three-company steel merger was temporarily relieved when the committee's counsel, Samuel Untermyer, attempted to pin down John A. Topping to a specific statement of where certain documents desired by the committee could be located.

Topping, president of the Republic Iron & Steel Corporation, apparently was inclined to be evasive.

His patience exhausted, Untermyer struck a dramatic pose and demanded:

"Where are those papers?"

A chuckle ran through the crowd attending the hearings as someone added in an audible voice:

"—or I'll kiss the che-ild!"

DIAMOND FOUND

IN PAPER BALE

DALLAS, Texas, June 29.—

When City Detectives Coombs and Vinson are assigned to "run down" anything they "deliver the goods."

Miss Penelope Linnam, a public stenographer, finding that she was devoting too much attention to a brand new "sparkler" valued at close to \$2,500, which she wore upon her left hand, removed it and placed it on her desk.

Later in the day, when her mind again reverted to the pleasant occasion upon which the ring was presented to her, she glanced lovingly to the spot where she had tenderly placed it.

Horror! The ring was gone.

After a frantic search, without result, Miss Linnam called the detectives to her aid. Promptly the sleuths decided the ring must have been knocked into the waste basket prior to the time when it was emptied by a janitor who sold its

contents to a wholesale paper concern.

The "Hawshaws" called at the warehouse of the paper company only to learn that they had disposed of that particular lot of paper to another concern. They hastened to the second warehouse and, after bursting open a huge bale of paper about to be shipped to a St. Louis firm, found Miss Linnam's treasure.

WILD TAG PEDESTRIAN.

PARIS, June 29.—Use of identity tags, like those hung from soldiers' necks during the war, has been proposed for the Paris pedestrian.

These would preclude the necessity of taking him to the morgue when he finally falls victim to reckless driving. Establishment of evacuation hospitals at busy corners is also suggested.

BRIDGE PLAN FOR CARQUINEZ TO BE TOLD TODAY

Auto Trades of Contra Costa Will Oppose Any Private Structure.

MARTINEZ, June 29.—Interest of all of Contra Costa is centered in the application of the San Francisco Transit Company for a permit to bridge Carquinez Straits on which a hearing was held today before Colonel Herbert Deakne, United States Army engineer, in San Francisco.

The company is seeking permission of the government to construct a vehicular span 3100 feet long from Berkeley, near Crockett, to Dilworth Point, Solano county.

The Martinez Chamber of Commerce last night named O. K. Smith, engineer of the Mountain Copper Company, to attend the hearing as its representative. The chamber was asked to endorse the plans of the company, but withheld action until definite information concerning the project is obtained.

Whether any opposition will be offered to the application is problematical, but it is believed locally that Sacramento and San Joaquin river steamship companies will voice a protest. At least one organization, the Contra Costa Automobile Trades Association, has gone on record as being opposed to construction of the bridge by the San Francisco Transit Company or any other privately owned concern. The resolution of the association urged either State or Federal control of such a bridge and announced it intended fostering a move for a public span.

Members of the board of directors of the Chamber of Commerce withheld any action endorsing or condemning the project when suggestions were made that a publicly owned bridge is a possibility.

J. McNamara, official of the Martinez-Benicia Ferry Company, announced today that his company would not oppose the application, but indicated some action might be taken later by the directors.

BRANCH LINE PLANNED. OAKDALE, June 29.—The Sierra Railway is negotiating with the Oakland and the South San Joaquin irrigation districts to build a branch to the proposed Melones reservoir. It built a similar branch to the Don Pedro dam and reservoir.

A canal connecting the Mediterranean and Red Sea existed about 600 B. C.

Quacking of Ducks Is Latest Nuisance

SAN LEANDRO, June 29.—Life, to average employees of the San Leandro city hall, is one round of complaints. Extermination of mosquitoes has been brought to their attention; muzzling of dogs has been placed before them for consideration; and the regulating of the number of goats in this city has been demanded. The latest complaint involves a colony of ducks on Broadmoor boulevard.

According to residents of the street, the ducks, with their everlasting quacking, day and night, are a source of extreme annoyance. Investigation of the condition was made this afternoon. Members of the city recently requested that a resolution limiting one goat to a family, be drawn up. They are wondering if such a resolution regarding ducks would be acceptable by the city trustees.

Marshal Prepares War On Mosquitos

SAN LEANDRO, June 29.—With a noticeable increase in the number of mosquitos that infest this city, Marshal J. F. Peralta is preparing a second extermination campaign. The nearly moribund, together with portions of the now stagnant San Leandro creek and vacant lots and gutters, will come in for their share of attention. A second order of oil, to be spread over the breeding places of the insects, has been placed.

Following recent complaints of residents, 300 gallons of oil were spread generously, resulting in a decrease of the mosquitos. During the past three days the insects have increased in number. If the second spreading of oil does not produce results, Peralta said he will appeal to the state health board for aid.

Native Daughters Arrange For Picnic

SAN LEANDRO, June 29.—At a meeting of the Native Daughters of San Leandro at Masonic Hall last night, plans for the picnic, to be given jointly with the Native Sons next Sunday, were arranged. It was decided that several trucks would carry members of the lodge, together with friends to the picnic grounds at Niles.

The following officers were appointed: Miss Clara Medina, inside sentinel; Miss May Soronen, outside sentinel; Miss Julia Haley and the Mesdames Carrie Dutra and E. Goodwin, trustees.

Odd Fellows Plan To Repair Building

SAN LEANDRO, June 29.—Tentative plans for the alteration and repairing of their building on East Fourteenth, between Colman and Escondido avenues, were discussed at a meeting of the Odd Fellows of this city last night. According to present plans, the repair work will be begun immediately. It was previously intended to tear down the structure and erect a thoroughly modern building, but the idea has been temporarily abandoned.

Oakland Sequoia Park Drive Definitely Decided

"Save Oakland's Sequoias!" This slogan, adopted by the committee of that name fostering the movement to purchase Redwood Park, by a bond issue in August, as a mammoth public park, will resound through the Eastbay community in the next few weeks, if the plans of the committee are carried out.

At a meeting in the Bacon building last night, attended by approximately fifty representatives of thousands of voters, it was unanimously decided to take concerted action to campaign for the passage of the bonds and the consequent purchase of the park site.

The meeting agreed on two important questions during the evening after several hours' discussion pro and con. It was decided: 1. To urge the passage of a measure acquiring the entire acreage of 1491 acres at a cost of \$750,000 with \$100,000 additional for improvements, as against splitting the acreage into two sections and making two measures to be voted on at the election.

2. To have stricken off immediately 20,000 buttons at a cost of \$400 to be sold for one dollar each, these buttons to bear a picture of a redwood tree, the letters "S. O. S." and the words "Save Oakland's Sequoias." Yes, August 1st, the initial call of the buttons was underwritten by Fred E. Reed, president of the Oakland real estate board.

CAMPAIGN INAUGURATED.

The passage of these two measures marks the inauguration of an intensive campaign which will result in the ultimate acquisition of the park, according to Ernest J. Engler, chairman of the committee, and other details will be worked out at the next meeting on next Wednesday night.

At the forthcoming gathering it is planned to lay definite plans for the disposal of the 20,000 buttons, the appointment of a speakers' committee, the advertising and publicity campaign and other essentials of propaganda of education in order to insure a two-thirds majority vote on the bond measure.

Last night's meeting opened with a heated discussion of the desirability of postponing action on the purchase question until another meeting, when L. B. Magoon, chairman of the Eastside Board of Trade and head of the committee's appraisal committee, could be present.

TWO PROPOSALS DEBATED. This action was proposed by Charles Eggleston, a member of the appraisal committee, who said that final action should be delayed until Magoon could explain the desirability of presenting to the public a choice of one or two sections of the acreage.

In the report of the appraisal committee, submitted at the preceding meeting, it was set forth that the voters be asked to vote on a bond issue of \$20,000 purchasing 700 acres of Redwood Park property and secondly on the purchase of the whole property for \$750,000.

The motion to delay the action was opposed by John Gelder, who said that delay at this time would be fatal to the issue as there is need of concerted action immediately in order to insure the passage of the bond issue. Other delegates joined him and the matter was taken up in open discussion.

The question of "how much property the city should buy" was then discussed from the floor for more than two hours before it went to a vote deciding to purchase the entire acreage, the consensus of opinion expressed being that a splitting up of the project would lose it.

700-ACRE PLAN FOUGHT. It was the contention of Magoon, expressed by Eggleston, that only

without offering assistance to the boy, it was learned by the local police that the machine was one rented for the day from an automobile agency in Oakland. The matter has been referred to the Oakland police. The boy was not seriously injured.

Veteran's Son Is Taken As Mascot

SAN LEANDRO, June 29.—Bernard Weidmayer, 7-year-old son of Delbert Weidmayer, overseas veteran, has been officially adopted by the American Legion Post No. 117 of San Leandro as mascot. The boy will participate in all of the organization's activities in the future, and will be featured in appropriate attire. The mother of the youth is a French war bride.

Pythians To Attend Rally

SAN LEANDRO, June 29.—Local members of the Knights of Pythias are preparing to attend the three-day gathering, July 2, 3 and 4, at Muir Woods. The local delegation will affiliate with that of Elmhurst.

A surprise initiation of new members the morning of July 4, Tuesday, will be one of the features of the affair.

706 Acres of the Property Was Valuable for a Park Site, the Balance Being Valuable Only for Its Scenic Properties, Which Would Not Be Lost in the Event That the Property Was Not Purchased.

This contention was fought by proponents of the purchase of the entire acreage on the ground that scenic properties would be irrevocably lost if the property thus omitted reverted to the real estate operators for disposal on the open market for home sites.

It was also said that once the city purchased a part of the general tract the price of the remainder would advance by leaps and bounds.

It was here that a danger of a split in the executive committee became apparent after several hours' discussion. A member of the general committee, took the floor to address the delegates, representing civic and improvement clubs from all sections of the city, on the necessity of securing a harmonious decision through a complete exposition of both sides of the case.

"Is the East Side Board of Trade going to go out if this matter is decided against it?" queried Reed. "I couldn't answer that question for the board," responded Eggleston. "Personally, I would not."

According to the Save Oakland's Sequoias committee, the price set in the bond issue does not mean that that amount will be expended for the purchase of the properties. Once the bond issue is passed the question of valuation will be decided by court action on condemnation proceedings.

TEN TEACHERS QUIT POSITIONS

RICHMOND, June 29.—A number of changes in the personnel of the teaching force was forecast in the meeting of the school committee last night at James school.

Resignations were accepted from the following: Ruth Hill, Elva Ensey, Marie Murphy, Josephine Norris, Doris Lundman, Jean Bartholomew, Stella Anderson, Bessie Paulsen, Gladys Harris and Lella Osborn.

The following probationary teacher appointments were given out: Lillie Lewin, Sarah Spires, Miriam Shea, Jean Borum, Clara Bartlett, Grace Pinkerton, Isabel Lyons, Rosanna Eckhardt, Mabel Luck, Bernice Donahue, Marian Lowden and Isabel Krumholz.

Following are the long-term substitutes: Della Roeder, Anna Head, Lena Anderson, Pearl Schultz, Mona Hennessey, Vera Price, Meda Crose, Adeline Erickson, Julia Barnes and Lillian Ferguson.

Mrs. Kathryn Hobbs was named girls' supervisor for playgrounds for July.

War Mothers Visit Disabled Soldiers

DEATH FOLLOWS BATTLE AT S. P. SALINAS CROSSING

Man of 62 Found Dead in Home After Receiving Beating.

SALINAS, June 29.—As the result of a fight between Nis Nissen, 62-year-old signal man at the S. P. crossing on North Main street, and Louis Nunes, 23-year-old young man, yesterday afternoon, which resulted in the death of the elder man, Nunes will face a probable charge of manslaughter.

The cause of the altercation is not known. Nunes was halted in his machine by Nissen as a locomotive was on the track, and when it did not come up to the crossing Nunes became angry at the delay. Just whether the pain from his injuries, which consisted of badly bruised and swollen eyes, a cut lip, gash in his forehead, broken thumb and other abrasions, was very severe and he committed suicide or whether to alleviate the pain he took the wrong medicine by mistake is not known.

The post-mortem examination failed to reveal anything. The contents of his stomach were sent to Berkeley for analysis.

Sacramentan Takes Bride in Richmond

RICHMOND, June 29.—Miss Wilda Howland of Point Richmond became the bride of Raymond D. Wilson, of Sacramento, at the First Christian church last night, the Rev. T. A. Boyer performing the ceremony.

The bride is one of Richmond's accomplished young ladies. She is a graduate of the Richmond Union High school. The groom is connected with the Sacramento Independent and has a legion of friends in Richmond. He saw service both in Mexico and France. The couple will make their home at Sacramento.

Santa Clara Will Appeal Strike Suit

SAN JOSE, June 29.—An appeal of the Pacific Manufacturing company of Santa Clara from judgment of Superior Judge P. F. Gosboy, who recently threw out of court the company's suit for \$25,000 damages against local unions now conducting a strike at the plant, has been filed with the district court of appeals. Judge Gosboy held there was insufficient evidence to warrant the action.

Injured Banker Blind in One Eye

SAN JOSE, June 29.—Frank Mitchell, assistant manager of the local branch of the Bank of Italy, who was believed fatally injured in an automobile wreck near San Luis Obispo last week, is now out of danger, according to word received by his friends here from Mitchell's attending physicians. He will lose the sight of one eye.

FIRE THREATENS ROOSTERS; ARSON PLOT RUMORED

Anti-Chanticleer Drive Followed by Blaze and Stirs Investigation.

BERKELEY, June 29.—A half dozen roosters and twice that many hens almost lost their lives here last evening. But for heroic rescues on the part of Berkeley's firemen, the death toll might have been great.

Today Fire Chief G. Sydney Rose is non-committal. "Incendiary? Well, perhaps, in view of the agitation against roosters," he admits. "But we are investigating carefully before we make any such charge."

Coming on the heels of a petition presented to the city council by 300 residents of Berkeley, asking that an ordinance be passed prohibiting roosters from the Col-

FLORAL TRIBUTE GREET'S RETURN OF FERRYBOAT

Passengers on the ferry Garden City saw a twentieth century adaptation of the return of the prodigal son this morning, staged by Alameda commuters in honor of the return to service of the ferryboat.

When the Garden City left the Alameda mole at 7:30 a. m., delegates of the city of Alameda, dressed in Japanese and Chinese costumes, paraded the decks of the vessel and showered them with flowers. The procession was led by Charles Pratt of Alameda, who carried a turkey in the absence of a fatted calf.

LEGION INITIATES TWO.

ELEPHANT DEEP GRAVEL MINE TO BE SHUT DOWN

Operations to be Transferred to Ground in Same Section.

VOLCANO, June 29.—Within the next few days hydraulic operations at the Elephant Deep gravel mine will cease, as the ground will have all been washed by that time.

For two years operations have been conducted by the J. W. Preston Jr. company of San Francisco, and while no public report has ever been issued, it is known that the mine paid handsomely. Many nuggets ranging from \$50 to \$80 were washed out, though the early day miners were supposed to have obtained most of the gold from this gravel. The company has other ground in this neighborhood which it will hydraulic.

ROMANCE HALTS WHEN HAND OF LAW INTERVENES

San Jose Girl's Wedding to Youth of 20 Stopped By Warrant.

SAN JOSE, June 29.—Twenty-two-year-old Eva Vivian Rose Moore, San Jose girl, whose first romance was ended Tuesday in local courts when she was granted annulment of her marriage to Harry Lemore Moore on the ground that he had deserted her one hour after their marriage, is today at liberty from the county jail here on \$5000 bonds as a result of a second romance with Donald B. Fairchild, aged 20.

The girl is charged with contributing to the delinquency of a minor—the youth she seeks to marry.

A warrant for the arrest of Mrs. Moore was sworn to yesterday morning by John H. Hoham, step-grandfather of the young Fairchild, after it had been learned that the two had fled in an attempted elopement.

It was served on the young woman as she and her prospective husband were answering questions of the county clerk at Redwood City, preparatory to obtaining their marriage license.

She was generally admitted here that the warrant was issued for the sole purpose of checking the marriage of the couple, although Hoham avowed he would prosecute the girl if she continued to seek the marriage with Fairchild.

To all of which young Fairchild responds that he will be 21 on August 1 and that all the warrants in America won't stop the marriage then.

Drive for Church

Proves Successful

SAN JOSE, June 29.—The drive of the A. M. E. church here for \$200 with which to pay off a mortgage on its property at Fourth and San Antonio streets, was completed yesterday, when contributions secured through the drive from volunteer subscribers brought the total past the quota mark and up to \$228.80.

E. C. Cunningham and Dr. Mark P. Hopkins contributed \$25 each to the fund, a third party, a woman, desiring her name withheld from publication, also giving a check for \$25. The drive was largely successful in putting the campaign over. Scores of smaller subscriptions, however, have been acknowledged with equal thanks by Rev. Garland, pastor of the colored church.

Redeem Ranch Sold for Taxes

MARTINEZ, June 29.—Pietro Goldavino and John Martinelli, owners of a thirty-acre tract at Clayton worth \$10,000, which was sold at public auction by Tax Collector M. W. Joest yesterday to A. J. Bray and J. K. Cushing for \$90, today made arrangements to redeem the property. Taxes had gone unpaid for five years and the property with other parcels was placed on the auction block. The property embraces what is known as the old Tripoli winery.

ELKS PLAN PICNIC

MARTINEZ, June 29.—September 17 has been definitely fixed by the Elks for their big picnic to be held at Ramona Park in San Ramon Valley. Elks from all over the county will join in the gathering. A big barbecue will be held and will be prepared by Chief of Police Charles Palmer.

San Jose Notes on Social Events

SAN JOSE, June 29.—Miss Delilah Franck, whose coming marriage to Mr. Earl Binder of San Francisco has been announced, is the motif of various interesting social events these days, the younger set of the city citing her on numerous occasions.

Miss Meta McQuaid entertained at the home of her parents, Mr. and Mrs. Emmett McQuaid, in the garden last week. Among the guests at the affair were Miss Doris Lillick, Miss Lillian Argall, Miss Gladys Franck, Miss Teckla Van Natta, Miss Johanna Lass, Miss Helen Bailey, Mrs. Thillier, Ruth Webb, Miss Veryl Christmas, Miss Laverne Husted, Miss Earle Husted, Mrs. Robert Menzel, Miss Ruth Larkey and Miss Alice Walsh.

Mr. and Mrs. J. Derrol Chase have taken apartments at the Hotel Vendome, where they are planning to remain for an indefinite period.

Mrs. Elliott McSwain of Sacramento, together with her daughter, are at present the house guests of Mrs. McSwain's sister, Mrs. James E. McSwain, at the home of Mrs. Clayton in planning to entertain in compliment to her niece on Friday evening, having issued invitations to a few of her friends to meet Miss Josephine.

Mr. and Mrs. J. E. Cooley and family of this city are enjoying the summer at Palo Alto, where they have taken the J. Herbert Lettis home at 605 Gilman street, during the absence of the Lettis in Denver. They will return home about September 1.

Mrs. Frank J. Kelley and her son, Kenneth Kelley, have left for Southern California, planning to sojourn there for a few weeks. They will visit all of the points of interest in the south.

Miss Lorna Jordan and her brother are other San Joseans now touring in Southern California, they having moved down recently. They will return within a fortnight.

Slippery Gulch Wide Open; Drinks All Soft

SAN JOSE, June 29.—Slippery Gulch is wide open. Last night the local ball of the "night" in the old 43 camp at Third and San Fernando streets by Dr. J. Samuel Stahl and his American Legion "buddies" for the benefit of the legion, and today the revelry continued.

Slippery Gulch is the most wide open town in California, they do say. Anything goes. Gambling of all kinds. Drinking, too.

But the gambling is with stage money and the drinks are pink lemonade and soda-pop.

Slippery Gulch will remain the big attraction of the town until Saturday night.

San Jose Police Will Hold Ball

SAN JOSE, June 29.—Two more days and the night of the fourth annual ball of the San Jose police department will be at hand. Saturday night, July 1, at Horn's dancing academy, North Third street, the community will be entertained by the police and the men who guard the lives and property of its citizens.

With only the few remaining hours intervening between now and the third day of the ball, committees that for weeks have been actively engaged in preparations for the event today declared everything in virtual readiness. The big ball at Horn's academy has been transformed into a bower of beauty and will present a dazzling spectacle on Saturday night.

News Notes of Vallejo

And the U. S. Navy Yard

VALLEJO, June 29.—E. D. Young, representing a local firm of street advertisers, appeared before the city council yesterday and advocated installation of signs in front of vacant lots in the business district. He was referred to the members of the chamber of commerce, as the local hostess were opposed to allowing advertising in front of lots in Georgia or Virginia streets.

Work on the new rectory will be started within two weeks, according to the building committee of the Ascension Episcopal church.

Members of the Pythian Sisters visited the chamber of commerce and discussed raising of funds for the centennial of delegates to the national convention, who are coming here in August from San Francisco to see the navy yard.

Pay Clerk W. H. Culp has been ordered to the U. S. S. Camdon, and Pay Clerk R. E. Mays and J. P. Gullitt have been ordered to the yard receiving ship.

The yard officers have been advised unofficially that the cruisers Albany and New Orleans will soon arrive at the station from the Far East to be decommissioned and sold.

The struts and other castings turned out by the Pittsburg Steel Works in Contra Costa county for the battleship Montana have arrived at Mare Island.

Eagle No. 11 has been decommissioned at the yard. The craft is to be sold by the Navy Department.

A fund of \$140,000 has been allotted to the navy yard Hull department for July. This is a reduction of \$10,000 from the amount set aside for June.

BREED MAKES PLEA FOR ROAD VIA SAN LORENZO

Senator Sees Danger in Further Congestion on Glenwood Route.

SANTA CRUZ, June 29.—Senator A. J. Breed of Oakland, who is taking considerable interest in the route of the Skyline Boulevard, has written the following letter to the state highway commission:

"Permit me to address you, concerning the proposed Skyline Boulevard from the Saratoga summit southward. It is not necessary for me to go into a lengthy discussion of the two proposed routes, but I do wish, most emphatically, to call your attention to three very vital factors in favor of the San Lorenzo Valley route.

"I am quite familiar with that locality, because I have owned a country home in the Santa Cruz mountains for over twenty years, and I am familiar with all conditions.

"I feel that the public interest would be best served by the San Lorenzo route, for three reasons, to wit:

"1. This route would divide the already very, very heavy traffic over the Glenwood road. To turn the additional traffic into the Glenwood road would be nothing short of a crime. The traffic on the Glenwood road at the present time is a procession, the road being frightfully congested with traffic in both directions.

"2. The San Lorenzo route would be cheaper to construct.

"3. If either one of you have any doubt upon the subject I will be glad to personally conduct any one, or all of you, over this route. My interest in the subject is only for the benefit, comfort and safety of the public.

"With kindest regards and best wishes, I am,

"Sincerely yours,"

"A. J. BREED."

Santa Clara Plans To Greet Veterans

SAN JOSE, June 29.—San Jose and Palo Alto hosts of the disabled War Veterans of the World War are today completing plans for the reception they will tender to 2500 disabled veterans now attending the national convention in San Francisco, the reception to be staged at the Palo Alto health service hospital.

The reception will be in the form of an automobile tour of the Santa Clara Valley, followed by a barbecue luncheon for the visitors at the hospital site northeast of Palo Alto.

Sailors Acquitted On Theft Charge

FAIRFIELD, Solano county, June 29.—The jury in the case of People vs. C. R. Nichols and S. Buck, on trial before the superior court on a charge of robbery, brought in a verdict of not guilty yesterday afternoon.

The two defendants, sailors from Mare Island, were accused of robbing C. C. Pricks, another enlisted man, in Vallejo several months ago while he was walking along Virginia street, relieving him of four dollars.

VISITS MONTE CARLO.

SAN JOSE, June 29.—Louis Simpson, secretary of the San Jose Lions club, now enjoying an extended tour of the world, has recently been a visitor in Monte Carlo, according to a letter addressed to President George D. Gilman of the Lions and read to the club yesterday.

Work on the factory for the Western Die Casting company is to begin this week, according to an announcement made by the directors of the project.

The public schools will reopen August 14, according to the official announcement made by the board of Education.

Hairs Will Vanish After This Treatment

(Toilet Helps)
You can keep your arms, neck or face free from hair or fuzz by the occasional use of plain delatone and in using it you need have no fear of burning or injuring the skin. A thick paste is made by mixing some of the powdered delatone with water. Then spread on the hairs and after 2 or 3 minutes rub off, wash the skin and all traces of hair have been washed. Be careful, however, to get real delatone and mix fresh. Advertisement.

Ice Age Coming; It's 18 Million Years in Future

SAN JOSE, June 29.—Eighteen million four hundred and eighty thousand years from now the chief produce of this valley will be icebergs and only an occasional polar bear will be seen through the erstwhile business section, according to a statement of persons who enjoy dwelling in large numbers.

The year 18,481,922 the north pole will have traveled south to this point and the festive prune will no longer be known. These figures have been worked out by the mathematicians from a statement read before the American Astronomical society by Dr. Walter D. Williams of the Pacific coast geological survey.

According to Lambert the pole has a wobbly motion which is driving it further off its axis every hundred years. The wobble in this direction of sunny California, according to the scientist, is about a foot a year. When the long winter comes Los Angeles will also be within the arctic circle.

Brentwood Notes

BRENTWOOD, June 29.—Mrs. Ella Pierce, teacher on the Holland tract, accompanied by her son-in-law, Ed. Smith and W. Russell, will leave Friday for Lassen Peak, to be the guest of her brother for several weeks.

Mrs. Sadie Bonnickson is home from a short business trip to Oakland.

THIS FISHERMAN GOES IN TO GET HIS BIG TROUT

SAN ANDREAS, June 29.—Henry Higgins goes right in the deep holes after 'em when trout try to get away by tangling his line all up in the snags. He hooked a big rainbow on the Mokelumne. It leaped clear of the water, and he caught it. He and his son then ran out his line and got it tangled in the roots of a tree submerged in the pool. He could see the big fish down there in the clear water and he really was firmly hooked. Removing his clothing, he went in after it, knife in hand. Grasping the line firmly with his left hand, he cut it off a foot from the fish, and came up with the badly struggling trout safely in tow.

Labor to Lead in July 4 Observance

SAN JOSE, June 29.—Local labor unions affiliated with the Santa Clara County Building Trades Council and the Central Labor Council here today have actively taken part in the observance on September 4, Labor Day. Appointment of a general committee to be headed by J. H. Johnson, assisted by J. Rose and J. H. Johnson, was made by the Central Labor Council and the various individual unions in mapping out the plans, was announced today by officials of the Building Trades Council. The names will be named by each "local."

Santa Clara Will Appeal Strike Suit

SAN JOSE, June 29.—An appeal of the Pacific Manufacturing company of Superior Judge P. P. Goebel, who recently threw out of court the company's suit for \$25,000 damages against local unions now conducting a strike, was filed today by the company. The suit was filed in the district court of appeals. Judge Goebel held there was insufficient evidence to warrant the action.

Injured Banker Blind in One Eye

SAN JOSE, June 29.—Frank Mitchell, assistant manager of the bank of Italy, who was badly fatally injured in an automobile wreck near San Luis Obispo last week, is now out of danger, according to word received by his friends here from Santa Clara, where he is being treated by local physicians. He will lose the sight of one eye.

Examinations to Be Held For Postmaster

SAN JOSE, June 29.—Civil service examinations for aspirants to the position of postmaster at Santa Clara will be held on July 12, according to information received here today by postoffice officials from Congressman Arthur M. Price. Similar examinations for candidates for the position of postmaster at Campbell, Cupertino and Saratoga will be held on July 15.

SANTA CRUZ, June 29.—The Fourth of July celebration here will start at 9:30 a. m. The usual flag raising exercise will be held on the lower plaza in front of the postoffice under the auspices of the Grand Army of the Republic, attended by the Santa Cruz band and the various foreign organizations, and at 10 a. m. a short but interesting program will be given at the New Santa Cruz Theatre, where Mayor C. C. Kratzstein will preside as chairman of the day.

J. O. Davis, former collector of customs at San Francisco, will be the orator of the day, while Miss Grace E. Davis, daughter of San Francisco, will sing "Star-Spangled Banner," followed by G. Stanley Tait Jr.'s rendition of the Elks' Tribute to the Flag.

At 1 p. m. the sports committee will stage a series of foot races from Sequel to Santa Cruz, and award a silver trophy to the winner. From 2 to 5 p. m. there will be a picnic at the beach by the Santa Cruz band, and at 2:15 the sports committee will hold the usual sports events on the beach.

At 8:30 p. m. a fireworks display will be given from the pier. From the inland valleys many people are expected.

Flag to Be Raised On Fire Lookout

SANTA CRUZ, June 29.—State Forester Pratt extends an invitation to the general public to be present at the flag raising on the fire lookout tower on Mt. Belknap, on July 2, at 2 o'clock.

This Lookout Tower, which is 60 feet high, commands a view of a large portion of Santa Cruz, San Mateo, and Santa Clara counties. Financial assistance in this work was rendered by the state by Santa Clara and San Joaquin counties, the California Redwood Park Commission and the State Highway Commission.

The time of the flag raising is the time of the day raising a radio outfit will be used. The loud speaker and amplifier will be furnished for the occasion by A. W. Templeton, Los Altos.

Mr. Belknap can be readily reached by automobile from Saratoga, at the entrance to the Santa Cruz Redwood Park, at the top of the Saratoga grade, will be found at the lookout pointing the way to the lookout station.

Aged Visitor Pays Forty-year Loan

WATSONVILLE, June 29.—Watsonville was honored yesterday by a visit from one of the early makers of history in the Salinas valley when Robert M. Griffin, aged 96, motored over from Monterey for his visit to his early home in many years.

Griffin was born in Aurora, Ind., in 1827. He came to Santa Cruz county February 12, 1853, and to Watsonville a few days later. He was one of the first to settle in the Salinas valley, where he conducted a mercantile business. His mind is clear and he remembers as if it were yesterday incidents connected with the war of the rebellion.

Attorney James A. Hall, an old friend, was the object of an visit from Griffin and was surprised to find Griffin insisted on repaying \$5,000 he borrowed from Hall over forty years ago and which the latter had entirely forgotten.

Forty Boys at Y. M. C. A. Camp

SALINAS, June 29.—Over 40 boys from Salinas and Watsonville are enjoying a delightful summer outing at the Y. M. C. A. summer camp on the Salinas river near Santa Lucia. The camp, under the direction of the secretary of the two associations, Harry Witham, of the Watsonville Y. M. C. A. is in charge of a physical program and C. H. Mansfield, secretary of the Salinas Y. M. C. A., is in charge of the religious and social program.

Indian caves on the old Santa Lucia reservation have been visited and things taken to Los Valles and to the summit of Santa Lucia, 6000 feet high.

Newman District Starts Cow Testing

NEWMAN, June 29.—Cow-testing units in this district made an unusually good start this week, with W. B. Fletcher, an animal graduate of the University of Washington, in charge. In the Crows Landing section more than 1000 Newman units started with 200 cows. Patterson began with 400. Indications are that Newman will have 1000 cows signed up by August 1. The first unit at Los Banos started Monday with 1000 cows. The districts will be solicited for several weeks yet.

Oakdale to Have Big Almond Harvest

OAKDALE, June 29.—The Oakdale Almond Growers' Exchange has elected the following directors: Harry J. Wood, L. Langstroth, Wright Body, J. B. Stearns and C. A. Anderson. At the meeting it was reported that the largest crop in history would be harvested. Superintendent Kimber was present from Sacramento and told the members that with their present equipment, almonds disclosed by rain could be worked over until they were as bright as the finest nuts grown.

St. Paul's cathedral is said to have been built without an oath being uttered.

Menace of Japan Is Told By U. S. Traveler

SAN JOSE, June 29.—Dr. W. C. Bailey, former city manager of San Jose, who recently returned from an extensive trip through the Orient, yesterday addressed members of the local Lions club.

Dr. Bailey so interested his audience that he was invited to return at a later date to complete his survey of people and conditions in the Orient.

The speaker brought a stern warning against Japanese militarism, declaring that Japan is "trained to become the Germany of the Pacific," and adding his belief that America should teach her youth, not through militarism, but through the Boy Scout movement and similar movements, to take care of themselves.

Dr. Bailey round in the Four-Power pact, however, a promise of peace on the Pacific for at least the next ten years. He expressed the belief that the Japanese will respect the pact.

The American government, Dr. Bailey told the Lions club, "is almost as much by the Philippines as the Japanese are in Korea." He stated the natives look upon this nation as an conquering people.

The Americans, he added, keeping the islands in good condition and protecting the people, while other countries are making money. Other foreign countries, according to Dr. Bailey, would regret American withdrawal from the islands.

Dr. Bailey, who described by the speaker as a place of great beauty, "closer to Paradise itself than most of us will ever get." He warned that here, too, the number of Japanese in excess of any other nationality. He appealed that California be kept "for Californians."

Concord Notes

CONCORD, June 29.—The Town Board held a special meeting Tuesday evening and decided that the business men be allowed to sell their goods up to and including the original ordinance limiting such sales is again to be in force.

Several local high and grammar school teachers have resigned their positions. Miss Ruth Goodsell, teacher in the Spanish in the Mt. Diablo high school, has accepted a position in Berkeley. Miss Goodsell, mathematics and physics teacher in the same school, is to teach in Piedmont next term. Miss Liebig, seventh grade teacher in the local grammar school, as well as Miss Helen Dickey, sixth grade teacher, have also accepted other positions.

Yesterday notices were posted to the property owners that complaints relative to the lighting system to be installed on the principal streets here. The property owners will have ten days in which to pay for the system and most of the citizens are in favor of it. In all probability shortly after the meeting July 10, work will be started.

In the presence of relatives and friends, Miss Edith Smith was united in marriage to Harold Bycott, last evening, at the home of her parents, Mr. and Mrs. T. Smith. Rev. Father Klein, pastor of the Catholic church in Pittsburg, performed the marriage ceremony. The bride's sister, Miss Hazel, and brother, Russell Smith, acted as bridesmaid and best man, respectively.

The bride is the daughter of Mr. and Mrs. T. G. Smith, pioneer Concord residents. Mr. Bycott, whose home is in Pittsburg, is in the employ of the Western Chemical Company there.

The couple are on their honeymoon in the northern part of the state and upon their return will reside in Pittsburg.

Santa Cruz Natives Win in Lodge Test

SANTA CRUZ, June 29.—Santa Cruz Native Sons of the Golden West won in the ritualistic contest with Watsonville parlor.

The score of Santa Cruz at their meeting this week was 871 out of a possible 1000 points, against last week's score of 761 points.

The individuals of the Santa Cruz team scored as follows: Senior Past President Stanford Smith, 11, out of a possible 15; Junior Past President Richley, 106 out of 115; President George Kemp, 315 out of 350; First Vice-President Stagnaro, 97 out of 110; Second Vice-President Huddleston, 80 out of 100; Third Vice-President Patterson, 81 out of 87; Marshall Strauss, 106 out of 135; Inside Sentinel Britton, 22 out of 25.

The good of the order committee served sandwiches, chocolate, coffee, ice cream and cakes, and during the tobacco course the president called on various brothers who responded with short talks.

Reader Takes Newer Form of Iron--Feels Years Younger

"Six weeks ago I saw a special offer in the paper telling how thousands of people long before they are really old in years, because, as examined by physicians have shown, an enormous number of people do not have enough iron in their blood. I have been taking iron for two weeks; the results are simply astounding. The roses have come back in my lips and cheeks, and I can conscientiously say that I feel ten years younger."

The above is a typical hypothetical case showing the results that have been achieved by a great many people since we started this "Satisfactory" iron tonic. It is a real tonic, not a placebo. We will make the same guarantee. If, after taking the two weeks' treatment of Nuxated Iron, you do not feel and look years younger, we will promptly refund your money.

WILD AUTO RACE LANDS NAVY MAN IN POLICE COURT

Bridal Party and Rival Racer Pay \$25 Fine for Beating Speed Limit.

SALINAS, June 29.—Automobile jealousy was the cause of a wild auto race on the Salinas highway ending with a beating of 25 W. Lordale of the U. S. S. Norris and P. E. Linn; a Watsonville man.

Both were going down the highway with honors fairly divided between them, when the other drivers fearfully to the side of the road, when Traffic Officer Harry Elsho came into view and put an end to the race. Both were doing about sixty miles an hour.

When they put in an appearance at court in answer to Elsho's orders each gave as the reason for the race that they had a particular thing to do. The other drivers paid \$25 fines and seemed satisfied.

In the Lordale car was his bride, to whom he had recently been married in San Francisco. His mother-in-law and two friends, and the bride and groom had only ten hours to get there.

Contractor Sues for Money Due on School

SALINAS, June 29.—A double back-action mandamus in mandamus petition is the latest legal complication arising from County Treasurer James Taylor's mixup with the Union High school trustees.

In a voluminous document, Mr. Taylor, who succeeded to Mr. Laren & Co., successors to Mr. Laren & Peterson, contractors who constructed the new Union High school in 1920, seek a writ of mandamus compelling the treasurer to return the \$2000 balance due on the building contract. The balance is \$3827.34.

The hearing is set for August 17. Treasurer Taylor refused to pay the warrants on the ground he cannot legally pay last year's indebtedness out of this year's tax money.

Legion to Have Turlock Memorial

TURLOCK, June 29.—The Chamber of Commerce has endorsed the proposed plan to erect an American Legion Memorial temple in Turlock to cost approximately \$2000. The plans for the building provide for a basement in which there will be a swimming pool, lockers and a gymnasium. The first floor will contain a spacious auditorium, billiard and card rooms, the lounge, a reading room, a reading room, and a room for the women's auxiliary. The top floor will be utilized as the auditorium and dancing room, with provision for basket ball.

LIQUOR SEIZED, SIX ARRESTED IN OAKLAND RAIDS

One thousand gallons of wine and a large quantity of whiskey were confiscated by the "dry squad" of the Oakland police department in five raids which they made last night.

Six men were arrested in the raids by Policemen Wallace Canning, George Berner and Clyde Miller. They were charged with violating the national prohibition act. They were arrested on Federal warrants, which the officers had secured from United States Commissioner Albert M. Hardie after they had secured evidence of a sale against the alleged bootlegger.

The largest amount of liquor was seized when the officers raided the home of Pete Lucia, 1367 Twelfth. He was arrested as he was about to deliver 300 gallons of wine, which was in six barrels. The six barrels were taken to the city hall, and 400 gallons of wine which was in the basement was sealed by the officers. Joe Ganna, who lives in the same house as Lucia, was arrested. One hundred and twenty gallons of his wine and two gallons of jackass brandy were seized by the officers. Fifty gallons of mash which the officers found in the basement was destroyed.

The following men were also arrested on similar charges: Andrew La Hocca and Joe Gamberetta, 1448 Twenty-third avenue; William Dannheim, 501 Clay street; Louis Haller, 511 Eighteenth street.

SCHOOL FOR VETS CALLED 'HELL-HOLE'

Camp Sherman Denounced As Real Prison Infested With Spies by Former Inmates at S. F. Convention

SAN FRANCISCO, June 29.—Michael Lyons, representing 460 ex-service men at Camp Sherman, Ohio, today, before the national convention of the Disabled War Veterans, demanded the closing of the camp. Lyons charged that the vocational training school is a virtual prison.

He said that men were given six months' training and then sent out. He said that no man ever graduated from there in that time and was able to hold a position.

Lyons declared that the camp is "infested with spies from Washington." If one of the ex-service men protests at anything in connection with the camp, said Lyons, his pay is reduced.

An absolute spirit of militarism dominates the camp," he declared. "If a man reports to the hospital for a few days he is taken from the training list."

He said the commander at the camp, before a public meeting in Cincinnati, had called the students at Camp Sherman "drunks, slackers and gamblers."

James Lumm, also representing the men at Camp Sherman, denounced the place as a "vocational prison" and "hell hole."

According to Lumm, he had attempted to speak with Colonel Charles Forbes on one occasion when Forbes had visited the camp. "Are you a drafted man?" Forbes was said to have asked him.

Lumm replied that he was. "I refuse to listen to a drafted man," Lumm said the answer was. "You should be thankful for what you have."

Judge Robert Marx, at the conclusion of Lumm's talk, advised all ex-service men to write to their congressmen in regard to the camp. The next convention will be held June 27 to July 3, 1923.

Armistice day was selected by the convention as its choice for the observance. "Forget-Me-Not Day" when funds for the relief of needy disabled veterans will be asked of the general public.

Colonel Charles R. Forbes, director of the United States Veterans Bureau, with his back against the wall, met a volley of questions when he attempted to defend the bureau before yesterday's session of the convention. Charges

Bronze Bust of Lincoln Will Be Dedicated

Bust of Abraham Lincoln, which is to be presented to the city by the Grand Army and the Women and Girl Workers of '61-'65 on July 4.

Independence Day will be signalized by the Veterans of the Grand Army and the Women and Girl Workers of '61-'65 by the presentation to the city of a bronze bust of Abraham Lincoln to be installed in Memorial Park, Twelfth and Fallon streets.

The bust which was cast by L. de Rome of this city, will be unveiled at special dedicatory ceremonies on July 4 at 10 o'clock, and members of the war organizations, the park committee and the city council will participate.

Rabbi Rudolph I. Coffee will deliver the address of the day, and Rev. E. R. Dille, member of the Grand Army and a well-known clergyman of this city, will pronounce the invocation and formally present the bust to the city.

The bust of the dead president will be unveiled by Mrs. Anna Clud, the drummer boy of the Grand Army, and other features of the program will be an introduction by Miss Viola S. Murphy; a speech of acceptance by Marston Campbell, president of the park board, and an address by George Galini; "America" and "The Star-Spangled Banner" will be sung by the audience, led by Mrs. Mabel Starr.

against the government of neglect of their comrades were hurled. Men from Canada to Mexico and the Gulf and from the Atlantic to the Pacific jumped to their feet to present grievances.

Humphrey Sullivan of St. Louis, representing the American Legion, launched a bitter attack on Brigadier-General C. E. Sawyer, President of the convention. He declared that Sawyer was largely to blame for the government's failure to provide proper hospitalization for disabled men.

While Sullivan was speaking came the announcement that Fred Weber, 36 years old, a disabled veteran from San Luis Obispo, early yesterday attempted suicide at Fourth and Market streets, by taking poison. He was taken to the central emergency hospital, where he explained that broken health had led to the act. He may not recover.

Sullivan quoted specialists of the White hospital committee, who wrote that "the hospital situation is more serious than at any time," and quoted figures showing the delays in building hospitals.

The address by Sullivan followed a two-hour period spent in listening to a talk by Colonel Forbes and the questions that followed. Colonel Forbes' address was a defense of the veterans' bureau.

Few of the veterans offered any complaints in their own cases. Each was pleading for some other buddy whom he felt was not being fairly dealt with.

The scene had its effect on some of the protesters who were suffering from bad wounds. Their voices quivered and in one case the voice of a delegate broke under the strain and he sank back into his seat with his protest unfinished.

Reynolds became most strained when Forbes was defending the government training school at Camp Sherman, Ohio.

National Commander Judge Robert Marx of the Disabled American Veterans of the World War had just presented figures to show that 458 of the 460 students were dissatisfied and that the instructors there charged lots of equipment.

He also presented arguments based on the opinions of noted vocational educators that the environment at the camp was not the proper kind for training disabled men.

MARX FORBES CLASH.
In answer Forbes declared: "Judge Marx has instituted a propaganda against the Camp Sherman School from the first day it was opened. He also called on Cincinnati educators to assist him in this."

When Colonel Forbes had finished, Marx said:

"For myself, I don't mind; but I do resent any imputations on the integrity of Cincinnati educators with whom I confederated. They represent some of the leading minds we have on that subject—vocational training."

PLAN READY FOR PARADE ON FOURTH

More Than 4000 Persons, 50 Floats to Participate in Pageant; Line of March Announced by Committee

Plans were completed today for the military and civic parade to be held in Oakland July 4, beginning promptly at 10 a. m. More than 4000 persons and 50 floats are expected to be in the line of march.

The revised line of march is as follows: North on Broadway to Eleventh street west on Eleventh to Washington street; north on Washington past city hall and southeast on San Pablo avenue to viewing stand on San Pablo avenue; Broadway, south on Broadway to Thirteenth street; east on Thirteenth to Alice street; north on Alice to Fourteenth; west on Fourteenth to Harrison street; north on Harrison to Grand avenue; and east on Grand avenue to Lakeside park bandstand.

Decorators will begin tomorrow placing flags on the trolley wires along the line of march. Merchants and hotel men are requested by the committee to decorate their places of business.

A number of heroes of the world war, who attended the Disabled American War Veterans' convention in San Francisco, have remained over for the Fourth of July celebration in Oakland and will be guests of Mayor John L. Davis and the Oakland council in the reviewing stand at the city hall. Four of them are Major F. J. Sullivan, who won the congressional medal of honor; Homer Tommie, Legionnaire of Honor and D. S. C., whose home is in New York; Lieutenant William Brittain, of Michigan, winner of the congressional medal of honor; and the D. S. C. Victorine Cross, and designated by the governor of Michigan as Michigan's greatest hero; and Joe Tish, of Texas, who lost a leg in the Argonne and who received four decorations for bravery.

Preparations are being made by the committee for the firing off of a huge bomb over Lake Merritt tomorrow morning for the purpose of waking the entire East Bay district for the Independence Day celebration.

BUTCHER FINED UNDER FOOD ACT

BERKELEY, June 29.—H. C. W. Steinbeck, wholesale butcher of Oakland and Berkeley, paid a fine of \$25 today when he was found guilty by Judge Robert Edgar of selling meat unfit for human consumption. Steinbeck was arrested on the complaint of state pure food officers at his place of business, 1525 Telegraph avenue, Oakland.

6000 Delegates to Come Here For Endeavor Convention Next Week

Meeting to Set New High Record in History of State.

Fully 6000 delegates, coming from every section of California, will arrive in Oakland next week by train and auto caravan to attend the thirty-fifth annual convention of the California Christian Endeavor Union, which will be held in this city Wednesday, Thursday, Friday, Saturday and Sunday.

Final arrangements for the big meeting are rapidly nearing completion, and according to the predictions of state officers, the convention will be the largest in the history of the state union.

Today alone more than 1200 reservations from delegates in Northern and Southern California were received at the state headquarters, 1525 Telegraph avenue, and during the later days of this week this number is expected to steadily increase.

PROGRAM FEATURES.
The convention, which will be made public today, contains numerous features of entertainment for the visitors, as well as a great number of special meetings and business sessions. The convention proper, which will open in the civic auditorium Wednesday night, will include junior and senior sessions.

State officers will arrive in the city during the first part of the week to definitely complete convention details before the session gets under way.

The state officers of the organization follow: President, Reese Martin, Berkeley; first vice-president, Garner R. Seale, San Jose; second vice-president, Roy Martindale, Los Angeles; third vice-president, Lawrence Downen, Fresno; Women's Union vice-president, W. N. Brown, Los Angeles; corresponding secretary, Miss Lulu M. Minter, Santa Ana; assistant corresponding secretary, Miss Tillie Genter, La Jolla, and counsel, Rev. Rowland B. Dodge, San Francisco.

NOTED SPEAKERS.
Several noted speakers have been secured for the convention, among whom are Oliver H. Shoup, governor of Colorado, who will speak to the delegates Saturday night. Governor Shoup is expected to arrive in Oakland next week, and will attend many of the sessions of the convention.

Dr. Daniel Poling, pastor of the Marble Collegiate church of New York city will also be one of the speakers. The subject of the evening speakers will center in the convention theme itself, "Fellowship With Christ."

The delegates will be officially welcomed to the city by Mayor John L. Davis, who will speak at the opening session Wednesday night at the Auditorium.

One of the features of the convention will be an exhibit of all Christian Endeavor materials, including charts, handwork, maps, etc., which will be under the supervision of Mrs. Roy Martindale, Christian Endeavor Union from throughout the country will send exhibits which will be displayed during the convention week.

AUTO TOUR PLANNED.
Immediately upon their arrival in the city the delegates will register. Automobile trips throughout the East Bay region have been arranged by special committees and a varied program of luncheons, banquets and other entertainment has been arranged by the committees.

W. N. Jenkins is chairman of the general convention committee, and R. C. H. Martin, vice chairman, is publicity director. Following are the chairmen of the various other committees: Music, Roy C. Brown, Oakland; decorations, Andrew A. Hogan, Berkeley; hospital committee, Dr. C. O. McAllister, Piedmont; registration, Earl Comstock, Oakland; ushers, Louis A. FRANKIE DENNY HOLDS JACK REEVES TO A DRAW DECISION

CHICK EVANS IS STILL LEADING THE FIELD IN HILLCREST GOLF CHAMPIONSHIP EVENT

DENNY'S WILD SWINGS DISCONCERT FORMER SAN FRANCISCO BOXER

Harry Scott and Eddie Mende Put Up Best Bout; Ray Pelkey Defeats Jack Morris.

By BOB SHAND

Frankie Denny, wilder than the wildest man that ever came from Borneo, got a draw with Jack Reeves at the auditorium last night much to the surprise of the cash customers and clipped corner boys. Denny, who plays the bush circuit exclusively, was meeting the famous Jack Reeves, with a New York reputation, and Denny, incidentally was staking Reeves to a weight advantage of at least fifteen pounds. According to the dope and the dopesters, Denny should have taken a pair on the chin along about the second round and gracefully passed out of the picture. Denny failed to do this little thing. He went on the aggressive as soon as the bell rang, belted Reeves on the nose hard enough to draw blood and spent the rest of the round throwing right hooks into the Reeves' pantry. Frankie adopted the same tactics in the second round, tired badly in the third and then came with a rush in the last round that carried the heavier Reeves across the ring.

It was one of the real surprises of the season and Denny can stand at Twelfth and Broadway all day now and let the boys and girls give him the once-over. Frankie showed that he was not afraid of the heavier and more famous opponent and it might have been that the unexpected aggressiveness of the challenger upset the plans of young Mr. Reeves.

Chandelier Punch Is Frank Denny's Favorite

Denny used everything last night including his chandelier punch and he did not waste many of them. He performed a pair of tail splits that drew a number of cracks on the side of the head and he uncorked some long range swings that stirred up the Reeves' dinner considerably. It was the third round before Reeves woke up. Advised by his manager, Frank Talbot, that he would have to hurry Jack went out and slipped two to the Denny. The third round did not do Frankie a bit of good. A clip on the head further convinced the local boy that Reeves was intent on the business on hand. Then Denny got mad, performed the Whirling Dervish and staggered Reeves with a right hander. That was all Denny did in this round but the stunt was more spectacular than all the wallop that Jack landed during the four rounds.

Frankie appeared slowed down to a whisper in the fourth round when Pete Nolan gave him the office to start something. Frankie started swinging and did not cease firing until the final gong. He was a mighty tired little four-rounder, which he figured to be after giving away so much weight, but he did not get any more than was coming to him when he got a fifty-fifty out of the medal. Some day when Reeves is in shape there will be bad news for the Denny family but last night Reeves didn't have a thing.

Ray Pelkey, Substitute, Defeats Jack Morris

Chit Kramer showed up with a broken hand and could not fulfill his engagement with Jack Morris which was a mighty lucky thing for Mr. Morris. Ray Pelkey filled in, handed Jack a lesson for three rounds and got the medal without fighting another round as Morris sustained a bad cut over his eye which necessitated stopping this contest. The only feature of this bout was Joe Williams, chief second to Morris, who had brains enough to toss in the sponge when his fighter was injured. The average second does not want to stop a fight until the ambulance pulls up at the front door.

Frankie Confrey and Joe Dunn, two gents with real mean looks, went four rounds with the veteran Confrey taking the decision. Dunn did the solid boxing but he could not get away from the Confrey left hander. Harry Scott and Eddie Mende staged the best fight of the night. It was called a draw, but had a decision been absolutely necessary Mende would have won, as he had an edge at the finish. However, it was such a willing socking bee with both boys shooting with everything they had that the draw decision was the fairest. Confrey Mende has a wonderful right hand and shoots it with great accuracy. Scott has the longer reach and got to the Los Angeles boy with some swings. There was a good return match here. The Scott and Mende kind will always get by.

Johnny McManus Proves to Be a Shift Scrapper

Johnny McManus, another Los Angeles product, gave an excellent exhibition of boxing against Sammy Compagno and won off by himself. Johnny out-boxed, out-fought and out-smarted the Gallagher entry. He gave Sammy a wonderful pasting at long range, tied him up in the clinches and soaked the Compagno pantry with some punches that would have stopped many another little four-rounder. Sammy is still a game little battler but McManus simply knows too much for the Sammy kind.

Challenge of Harry Wills Is Accepted

NEW YORK, June 29.—(By the Associated Press.)—Jack Dempsey today formally accepted the challenge of Harry Wills, negro, for a bout for the world's heavyweight championship, and requested that a conference be held to set the date.

Wills, a former prizefighter, called a "wizard," proved all of that except the first part. He admitted he might have meant "Lizard" Mike, who was open as a barn door and Cap Nelson smote him at will. The kid went down in the third round from a clip on the chin following a hook to the galley.

Joe Avery took a decision from Al Crisp in the curtain raiser. The next set of battles will be staged Tuesday afternoon at the Auditorium.

Rifle Stars Enter At Leona Heights

Leading rifle and pistol shots of the bay region will enter in competition in a series of events to be held on the range at Leona Heights on July 16, according to word received from W. H. Mallett yesterday. The match is to be open to all amateur shots, a \$1 entry being required with the following events to be contested:

Rifle shooting: Ten shots off-hand at 200 yards, ten shots at 600 yards.

Pistol shooting: Thirty shots from 25 yards, ten slow, ten rapid, ten quick.

Re-entry matches will be held in both rifle and pistol shooting.

Reception Planned For Walter Hagen

NEW YORK, June 29.—Arrangements are being made to tender Walter Hagen, American professional golfer, who won the British open golf championship at Sandwich, an appropriate reception upon his arrival here tomorrow.

Later Hagen will be guest of honor at a dinner at the Hotel Baltimore.

Ben Leonard Off to Meet Rocky Kansas

NEW YORK, June 29.—Benny Leonard, lightweight champion, his brother, Joe, who is also a boxer, and a party of trainers, left yesterday for Michigan City, Ind., where the titleholder will meet Rocky Kansas, Buffalo, in a contest for the division crown. Leonard will stop off in Chicago.

JESSE SWEETSER, the big youngster from Siwanoy, who proved that he has the stuff of which real champions are made when he met an unexpected test in the second round of the metropolitan amateur golf championships over the Lakewood, N. J., Country Club course and answered the challenge with a medal score of 71, a new course record, and victory at match play by 2 and 1. W. L. Richardson, a youngster from the Engineers' Club, forced Sweetser to play almost perfect golf to win. Out in 35 against Richardson's 36, Sweetser made the turn all square and then was forced to drop back when Richardson took the tenth with a par 3.

'Round the Sport Circle

By HENRY L. FARRELL
(United Press Staff Correspondent.)

NEW YORK, June 29.—(United Press.)—Tommy, the old-time ball player, sits every afternoon at the Polo Grounds, keeping actors and barbers out of the press box.

Between times he philosophizes and his deductions are not complimentary to the stamina of the modern ball player.

"The players aren't so bad, but the pitchers all have glass arms," he wails, and points back to the days when a pitcher thought nothing of winning "thirty to forty" games a season.

While changes in the pitching rules, introduction of the free swing and the lively ball have worked great handicaps on pitchers, there are indications that some of the old time marks for "iron man" feats might be approached this season.

In the first third of the race, Urban Shocker of the Browns engaged in nineteen games and won twelve. Walter Reuther, of the Brooklyn Robins pitched thirteen games and won eleven. Both are unusual early season performers.

With any kind of luck, both might win thirty games and establish a mark that hasn't been equaled in several years.

Red Faber was the only pitcher to win twenty-five games last year and he lost fifteen doing it. One pitcher that has twenty-five victories in him would put about ten major league clubs in the pennant race.

Modern records do not compare favorably with the old times, but it does not prove that the race is getting less hardy.

Intercollegiate rowing is enjoying the prosperity that has come to all intercollegiate sports since the war.

Wisconsin resumed the water sport this season and is coming to Foughkeeps next season.

Even inland universities are becoming interested and it is said that several western confederations are going to establish rowing as a major sport. Considering that it costs from \$10,000 to \$20,000 a year to maintain a rowing organization and that there is no revenue from the sport, it takes real interest to keep it going.

Rowing perhaps returns less to the athlete engaged than any other sport. They undergo the hardest kind of training for four months only to punish themselves

Bill Tilden And Bettens Win on Court

CHICAGO, June 29.—Julian Sagalowski, Indianapolis, won his first match in the junior division of the Illinois State Championship tennis tournament at the Skokie Country Club by defeating Robert Carter, 6-0, 6-1, 6-2. Tilden and Sandy Wiener then defeated Ford and Robert Carter, 6-1, 6-1 in their first match in the doubles.

R. R. Coffin, of Providence, R. I., won his second round match by defeating Stanley Bates, 6-1, 7-5. Phil Bettens, California state champion, won his second round match from M. Joyce, 6-1, 6-2.

Fritz Bastian, Michigan, and Florida state champion of Indianapolis, won his second round match in the men's singles by defeating Frank Kirke, 4-5, 6-2.

William Tilden II, world's lawn tennis champion, won his second match, defeating Edward Wilson, of Chicago, 6-2, 6-2. Tilden and Sandy Wiener then defeated Ford and Robert Carter, 6-1, 6-1 in their first match in the doubles.

R. R. Coffin, of Providence, R. I., won his second round match by defeating Stanley Bates, 6-1, 7-5. Phil Bettens, California state champion, won his second round match from M. Joyce, 6-1, 6-2.

MacDonald Smith Enters Golf Play

MacDonald Smith, one of San Francisco's prominent golfers, who has been seen on the local links in many tournaments with local stars in professional tournaments, yesterday signified his intention of entering the national professional golf tournament which will be held at the Skokie Country Club, Chicago, during July. Mr. Smith, the Pacific Beach professional, who was recently awarded the match over Abe Espinosa, will compete in the same division, as will Abe Espinosa of Oakland and Harry Pressler of Los Angeles.

Fisherman Winner Of Pair of Prizes

OROVILLE, June 29.—Charles B. Onitt, prominent as a local angler, is the winner of both a second and third prizes in a trout fishing contest staged by a local sporting goods store. Onitt's catches, which brought the prizes, were both caught in the North Fork of the Feather river near here. Onitt's first trout was landed Sunday, while one measuring 17½ inches was the winner of third prize, having been brought in some time previous.

F. E. Miller was the winner of the contest, having landed a 18½-inch trout in Chippis creek, May 2.

Johnson, Jackson Bout Booked in Ohio

COLUMBUS, June 29.—The "Tut" Jackson-Jack Johnson, negro heavyweight battle, originally scheduled for Washington Court order, will be held in Hamilton, O., on the afternoon of July 4. Haft, Columbus boxing promoter, announced in a telephonic conversation from Hamilton last night, that the bout between Jackson and Johnson would be received by Billy Palmer, Jackson's manager, Haft said, but were not considered.

Fight Results

SANTA ANA, June 29.—Gene Cline, of Los Angeles, and Spike Kelly, of Santa Ana, went four rounds to a draw in a dull bout in the main event at Delia arena here last night.

Kid Shelton, of Denver, lost the decision in four rounds to Jack Hartley, of Santa Ana. K. O. Swall of Santa Ana drew with Dick Gard of Huntington Beach; Johnny Connolly, of Los Angeles, knocked out Hank Gatten, of Santa Ana, and Al Proctor, of Santa Ana, and Charlie Dunn, of Los Angeles, fought a draw.

was quoted as saying about Luis Firpo, the South American giant.

"When I said he was a good prospect, I didn't mean that he was ready to knock over Dempsey. A prospect in boxing talk means something good for a lot of money to some one," he says.

In setting out to wield the iron rod in boxing, the New York commission might enjoy a few minutes to good advantage by reading its rules.

The commission has the power to declare a title vacant when the holder refuses to give a chance to a bona fide challenger every six months, providing that the champion won his title under the New York rules.

Johnny Buff, the bantamweight champion and Harry Greb, the light-heavyweight champion, are the only two title holders affected, as they won their crowns in a New York ring.

Johnny Kilbane won his regal crown in California and Johnny Wilson won his by a questionable decision in Boston.

Arguments only work one way when you don't want to argue.

'Chick' Evans And Von Elm Lead in Golf

Fred Wright of Los Angeles Is Surprise in Hillcrest Tournament.

KANSAS CITY, June 29.—Chick Evans of Chicago was four up on Ted Payseur, of Des Moines at 9 holes in today's play. The cards: Evans, out, 345, 441, 351—36. Payseur, out, 445, 454, 455—40.

KANSAS CITY, Mo., June 29.—The fight for the semi-finalist positions in the western amateur golf tournament began today at the Hillcrest Club with most of the eight contestants, champions of some kind and each a survivor of three days of the super-golf which has seldom been rivalled in any tournament, professional or amateur, national or sectional.

"Chick" Evans of Chicago, six times western champion, present title holder and former national amateur and open champion; Dave Herron of Chicago, winner of the national Amateur in Pittsburgh a few years ago; Fred Wright, who eliminated Evans in the British tournament two years ago when "Chick" conceded to be America's best; George Von Elm, trans-Mississippi and Pacific Northwest champion, and loser of only one tournament in the last three years—these were among today's competitors.

Von Elm's style of play is the wonder of the tournament. He never smiles and never talks. His job is to hit the ball, he seems to think, and that is what he does— with as little delay and preparation as possible.

Fred Wright probably has played the most consistent game of anyone in the tournament, all of his scores have been within a stroke or two of par or else under it and he tied the course record of 33 for the first nine yesterday—four under par.

Evans has caused considerable comment. He was low medalist, breaking all known course records in his second qualifying round. Then he was forced to go 21 holes to beat Eddie Held 19-year-old St. Louis.

Chief Evans defeated Robert McKee of Des Moines, 2 and 1. Wolff, St. Louis, defeated Mudge, Chicago, 2 up.

Wright, Los Angeles, defeated Ecklund, Wichita, Kansas, 5 to 4. Cochran, Wichita, Falls, Texas, defeated Cummings, Chicago, 3 and 2. Ecklund, Wichita, Kansas, defeated Kennedy, Tulsa, 4 and 3.

Von Elm, Salt Lake City, defeated Bush, New Orleans, 2 and 1. Stuttle, Kansas City, defeated Conoley, Kansas City, 3 and 2.

Jess Will Do Well to Take Many Workouts

LOS ANGELES, June 29.—Jess Willard, former heavyweight champion, in training for a possible return match with Jack Dempsey, champion, will get his first boxing workout today when he spars with Fred Zwickel, a middleweight of the Los Angeles Athletic club, according to Gene Doyle, who is in charge of Willard's training camp.

The training for the first fight will consist of nothing but light work, such as skipping, rope, shadow boxing and a few rounds of sparring, Doyle declares, but as training progresses tough, hard-hitting, seasoned battlers will be called to give Jess his daily workouts.

Willard has been asked by individual members of American Legion posts in various Southern California cities to make personal appearances at their boxing shows. Doyle asserts, the requests being not for Willard to box, but just to be the legionnaires "look him over."

Umpire Owens Is Hurt By Foul Tip

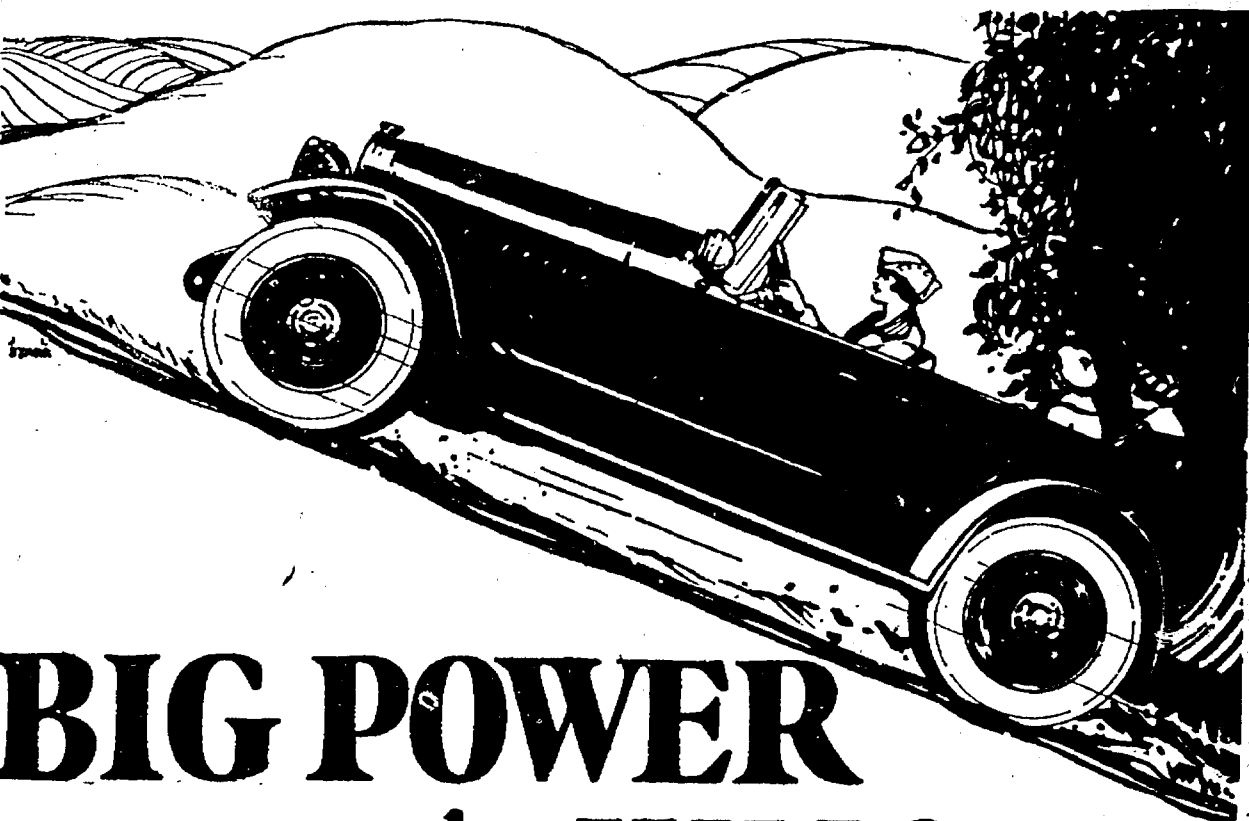

DETROIT, June 29.—Umpire "Brick" Owens, sustained a bad contusion and the ligaments in his left side were torn, when he was struck by a foul tip from Outfielder Veatch's bat in the fourth inning of the Chicago-Detroit game here this afternoon.

Louisian and trilled Bob McKee, until the latter broke under the strain. In many quarters the remark, "Chick" isn't shooting well," is heard. From other sources—and in equally as insistent a tone—comes the statement "Chick" is toying with them; he'll win easily."

Yesterday's results of the leaders including the following: Chief Evans defeated Robert McKee of Des Moines, 2 and 1. Wolff, St. Louis, defeated Mudge, Chicago, 2 up.

Wright, Los Angeles, defeated Ecklund, Wichita, Kansas, 5 to 4. Cochran, Wichita, Falls, Texas, defeated Cummings, Chicago, 3 and 2. Ecklund, Wichita, Kansas, defeated Kennedy, Tulsa, 4 and 3.

Von Elm, Salt Lake City, defeated Bush, New Orleans, 2 and 1. Stuttle, Kansas City, defeated Conoley, Kansas City, 3 and 2.

OLD DOG FAVORITE STORIES by IRVIN S. COBB

His Worst Fears Confirmed

An elderly English actor came over to take his first American engagement. He had never visited the country before but he had strong—not to say fixed—prejudices touching on these United States, as compared with the British Isles.

The voyage across was a rough one and the visitor's disposition did not sweeten by reason of it. On landing he started for an English boarding house uptown, where he had been told he could get English food uncontaminated by base Yankee notions. To keep down expenses he elected to repair thither by a street car instead of using a cab.

He emerged from the pier laden with his hatbox, his umbrella, his makeup tin, his grips—two in number—his steamer rug, his tea caddy, his overcoat, his framed picture of the Death of Nelson, and other prized personal belongings, and climbed aboard a car.

Just as he got fairly upon the platform the car started and he fell through the open door into the aisle, scattering his goods and chattels in every direction. As he got upon his knees he remarked in a tone of conviction:

"There now! I knew I shouldn't like the blasted country!"

Uncle Wiggily Stories by HOWARD R. GARDNER

UNCLE WIGGILY AND KITTY'S CUSTARD.

"WHERE are you going, Kitty Kat?" asked Uncle Wiggily one morning, as he saw the little pussy girl daintily picking her way past his hollow stump bungalow. For it had rained during the night, and there were little puddles of water beside the path. Kitty Kat did not want to step in any of these puddles of water and got her paws wet. "Where are you going, Kitty?" asked Uncle Wiggily.

"I am going after eggs," answered Kitty with a polite little mew, and then she tried to make her nose twinkle like Uncle Wiggily's pink one. But she couldn't, because her nose was black.

"After eggs to play bean bag with, or to make a new dress for your doll?" asked the bunny gentleman.

"Oh, no!" laughed Kitty. "As if I could play bean bag with eggs, or yet make a doll's dress of them!"

"Well, I was only joking," explained the rabbit uncle. "But if you don't mind, Kitty, I'll walk along with you. And you might tell me what you are going to do with the eggs. That is, if it isn't a secret," added Uncle Wiggily.

"Oh, it isn't any secret!" mewed Kitty. "I'm just going to make a custard with the eggs when I get them. I'm going to have Lulu and Alice Wobblewobble, the duck girls, over to my house this afternoon for tea, and I want to give them some custard that I make myself. So that's why I'm going after eggs."

"Mrs. Cluck Cluck, the hen lady, will give you as many eggs as you need," said Uncle Wiggily.

"Yes, I suppose so," answered Kitty Kat. "But you see I want to make three very little custards, and Mrs. Cluck Cluck's eggs are so large. I was wondering if I couldn't get little eggs somewhere."

"Ha! I know the very thing!" cried Uncle Wiggily. "What you want are the eggs from a small, or bantam, hen. Mrs. Cluck Cluck may know of a little hen."

"Oh, let's go ask her!" cried Kitty.

"I'll just love to make a teeny weeny custard from some teeny weeny bantam eggs," invited Uncle Wiggily, and soon he and Kitty Kat were at Mrs. Cluck Cluck's hen coop.

"Some little eggs are just what you shall have," cawed the mother hen. "Go to my neighbor, Mrs. Cutie, in the next coop. She is a bantam hen lady and she'll give you some of her small eggs."

"Oh, how sweet!" cried Kitty, as she saw the small eggs, which were not much larger than those of a bird. "They will make lovely custards."

"Be careful not to break them," said Uncle Wiggily, as Kitty started home, with the

ODD FACTS

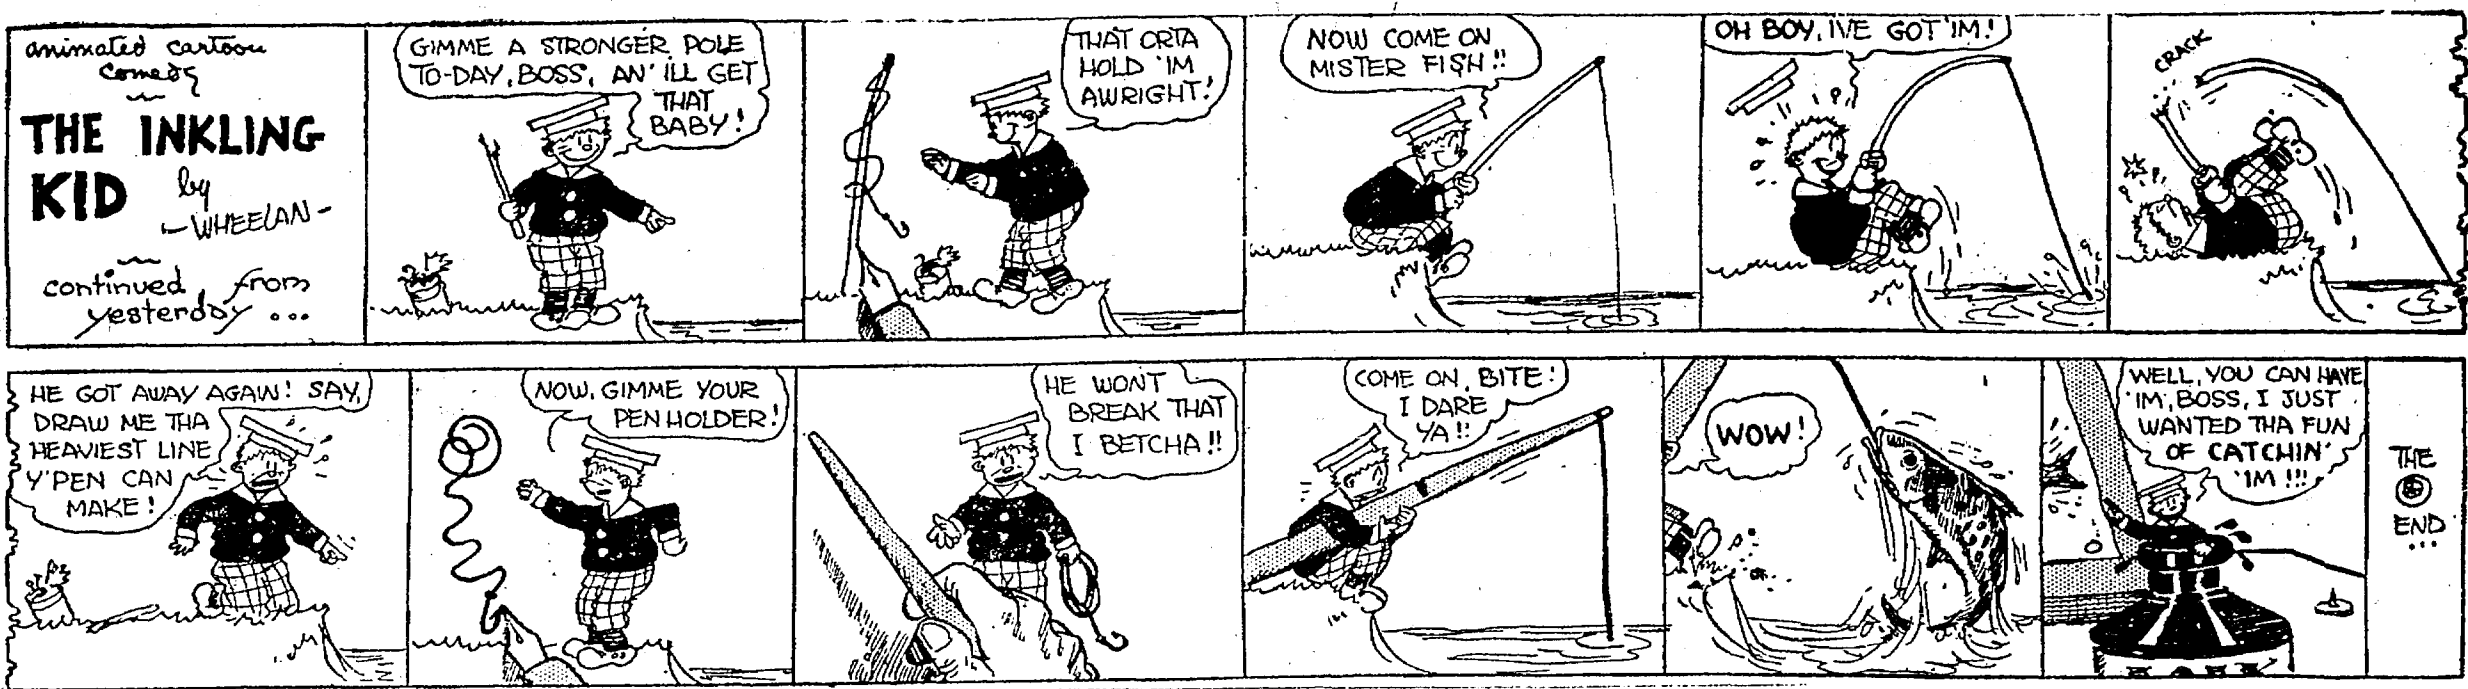

At one time in England the body of a suicide was denied Christian rites in burial.

Statistics have shown that double the number of suicides are committed in the daytime.

The record time for remaining beneath water by a swimmer is four minutes 29 seconds.

British Offerings Of Bonds Increase

LONDON, June 29.—New investment offerings in Great Britain during May, 1932, amounted to £35,782,757, or more than double the amount of the offerings in April. The total in May was also twice as large as the amount of investment issues in the corresponding

In the first five months of 1922 the amount of new investment offerings in Great Britain exceeded by more than £50,000,000 the total offerings in the same period of 1921. The figures, received by the Bankers' Trust Company of New York, from its English information service, are as follows: January-£5, 1921, £60,701,227; January-

**Soviet Removes
Mail Restrictions**

WASHINGTON, June 23.—The soviet government of Russia has advised the United States Postoffice department that restrictions as to the amount of mail matter that will be received

A new decree promulgated by the Soviet government, it was stated, provides that clothing, shoes, food, printed matter and other articles may be sent by parcel post from abroad when addressed to individuals for their personal use, without, as heretofore, obtaining permission from its foreign trade

tion from its foreign trade department. All matter sent by parcel post, except foodstuffs, was said to be subject to customs duties. The maximum weight of packages by parcel post to Russia was fixed at twelve pounds.

6 Million Loan Made to Farmers

WASHINGTON, June 29.—An-

total of four applications for loans to assist in financing the orderly marketing of cotton and wheat aggregating \$16,500,000, is announced by the War Finance Corporation.

The applications approved were from Oklahoma Cotton Growers' Cooperative Association, \$6,000,000; Kansas Cotton Growers Cooperative Association, \$7,500,000; Oklahoma Wheat Growers' Association, \$2,500,000 and the Texas Wheat

the turn in the other direction toward fiscal stability is imminent. TRIO TO GIVE CONCERT FROM KZM TOMORROW

Entertainment by Soloist
Heard Afar by Tribune's
Radio Audience.

The radio program from KZM, The Tribune station, tomorrow evening between 8:15 and 9 o'clock will be furnished by Mrs. Parke Upshur, vocal soloist, and pianist, and the Mendelssohn Trio, composed of Clinton Lewis, Paul Elder Jr. and Mrs. Upshur. Lewis plays a violin and Elder a cello. The Mendelssohn Trio has played before the leading clubs of the bay and has a reputation of high standing in musical circles. Elder is the son of Paul Elder, publisher. Mrs. Upshur will render several vocal solos, accompanying herself on the piano from New York, who will furnish the balance of the program with a varied selection.

The high class program from KZM last night at the time of KZY, the Atlantic-Pacific Radio Supplies company, was furnished by "Waiting for the Robert B. Lewis," and many other popular songs, which is appearing this week at Loew's State theater. Three of Gilbert's most popular numbers were sung by Miss Fritzie Leyton, prima donna from New York, who is accompanying the composer on his western tour. She was accompanied on the piano by Charles S. Offenberger of the Jazz Studios at 1530 San Pablo avenue, who is already known to the radio audience. Miss Leyton's voice seems to have been received by the radio audience with considerably more volume than any female voice ever broadcast from KZM. The fans declared that last night's concert came in better than ever before. The piano, which is a grand from the Girard Piano company, especially installed for radio work, is also getting out with greater volume than the average instrument heard on the air. The songs which were broadcast by Miss Leyton were "On a Moonlight Night," "Kentucky Blue," and "If You Like Me Like I Like You," three of Gilbert's many successes.

The radio department of the TRIBUNE has also received a number of communications from out of town, praising the concert broadcast Tuesday evening by Miss Hazel Carlson Wood, one of the TRIBUNE'S regular contributing artists.

The program from KZM tomorrow evening will be on the TRIBUNE'S regular twice-a-week schedule, following the evening news broadcast.

BUFFALO STATION HEARD HERE BY LOCAL OPERATOR

R. D. Lowell Listens In On
Complete Program From
WGR Station.

The continent was again spanned last night by radiophone when WGR, the Federal Telephone and Telegraph company's station at Buffalo, was heard in Oakland. Several stations report having heard parts of the concert, but it remained for R. D. Lowell of 1420 Linden street to receive practically the entire program, which he reports came in loud.

Lowell heard the program on one of the sets he constructed for The TRIBUNE for demonstrating purposes, consisting of detector and two stages of amplification. It is a set equipped with Vernier rheostats, two variable condensers and honeycomb coils. It has no stages of radio frequency.

In order to prove that he had heard all the program, Lowell copied the numbers, which ran continuously without interruption. He began tuning in at 9:15, and at 9:45 heard a piccolo, then a male solo. At 10:15 "Let the Rest of the World Go By" came in clear, followed by a piano solo by Joseph Hoffman, and a number by the Club Royal Orchestra, on Victor record No. 1901. The next was at 10:15, when an Al Jolson record was broadcast, followed by a piano solo. At 10:25 came a solo, "California," broadcast for the special benefit of those in California who were listening in.

This is the most complete radio program ever heard from the East. All, except for a few moments when amateur interference interrupted, there was not a break in the program.

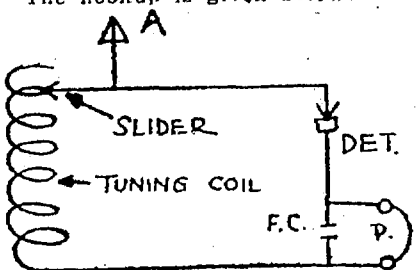

The attempt to send from New York on Tuesday night was interrupted by the Portland Oregonian, which had not been notified of the test and which broadcast during the time the Buffalo station was on the air. Last night every station on the coast was idle, having been notified ahead of time of the test.

ANSWERS TO QUESTIONS

Radio Editor TRIBUNE: I would like to get a diagram showing me the complete crystal set. Please give me as much information as you can. Many thanks for any help you can give me.
G. S. Concord.

A simple crystal set consists of a tuning coil, a detector, a fixed phone condenser and a pair of phones. This set may be purchased for about \$10.

- Radio Editor TRIBUNE: (1) Is the enclosed hookup O. K.? (2) Is the spider-web inductance hookup published in Sunday's Questions and Answers column of The TRIBUNE as good or better than the one enclosed? (3) Do spider-webs have taps? If so, please give hookup and explain manner of connecting tap wires to coil. (4) How many serves are required to earn a 23-plate variable condenser? (5) How many watts does Sunnyvale and Los Altos transmit on? (6) Will KZY be heard as plainly from San Francisco as from Rockridge? (7) Why are only 23 and 43-plate condensers made? (8) How far from Oakland is Sunnyvale, Los Altos and Warner Brothers? (9) Can a spider-web tickler coil be used on a crystal set, and if so please draw hookup? MEMBER OTRC No. 239.

MAYOR DAVIE TO BROADCAST JULY 4 PROCLAMATION

Invitation Will Also Be
Extended to People to State
to Join in Celebration.

The voice of Mayor John L. Davis of Oakland will be heard tonight from KZM when he will broadcast a proclamation to the people of Oakland and incidentally to the entire state of California, with an appeal for them to join with the general Fourth of July committee in making this year's celebration of Independence Day the greatest ever held in Oakland.

Mrs. Eugene K. Sturgis, wife of the chairman of the general Fourth of July committee, will extend an invitation to the people of the state to come to Oakland over July 4. The proclamation and invitation will be sent out between 6:45 and 7 o'clock. KZM broadcasting on the time of KZY, the Atlantic-Pacific Radio Supplies company.

The regular news bulletins from KZM will be broadcast between 7:15 and 7:30 o'clock.

LESSON NO. 93.
Points to Remember.

(Copyright by Edward N. Davies) (All rights reserved by United Feature Syndicate. Reproduction prohibited.)

REMEMBER THAT
All open flames should be kept away from the vent caps on storage batteries. Inflammable gases are liberated which may cause a fire or explosion.

When mixing new electrolyte for a lead acid type of storage battery to replace spilled solution, always pour the acid into the water, and never the reverse. The acid is heavier than water and sinks to the bottom where the heat of the chemical reaction which takes place is conducted by the water.

Best results are secured by using vacuum tubes with transformers designed to fit the characteristics of the tubes. The tubes now in common use vary widely in characteristics and obviously can not be interchanged in receiving circuits without causing a change in the results obtained. A supposedly poor tube may be good but may not be used with the proper related apparatus.

Most loud speaking devices are current operated affairs and as such require a certain minimum current in order to secure proper results. Usually some form of step down transformer is employed which reduces the voltage delivered by the amplifier tubes but increases the current.

A white coating on the plates of your storage battery seen through the vent caps indicates that the battery is sulphated. A condition brought about by discharging too far or allowing the battery to stand in a discharged condition for a long

Ordinary mosquito or chicken netting is useful in forming a ground for portable sets and may be merely laid out flat on the ground for ten or fifteen feet.

Insulated wire will serve equally as well as bare wire for an aerial and will have no effect upon the strength of the received signals.

RADIO MAY AID FOREIGN TRADE

Foreign trade news and dispatches by radiophone will be another means of informing the American business man of developments in foreign fields of industry and commerce if the innovation to be made by the United States department of commerce on July 11 and 12 is to be established as a permanent practice.

On those dates two large gatherings of business men will be held at Boston and Baltimore.

A good chocolate color on the positive plates indicates a healthy battery.

Never burn vacuum tube filaments brighter than necessary to secure good signal. The rheostat is usually turned until the signals are heard increasing until a hiss is heard, then the rheostat is turned back until the hiss is just inaudible.

Prices Reduced On Kodak Printing and Developing

A new schedule of prices for printing and developing Kodak films has recently been adopted by The Bowman Drug Co. Those new prices are considerably less than the old scale.

Orders for this work come to Bowman's from all over the U. S. People living in cities much larger than Oakland are apparently unable to get work equal to Bowman's and rather than take inferior prints send their rolls by mail to Oakland.—Advertisement.

Dress Up for the Fourth in a Real Summer Suit

LOOK around and you will notice more summer suits worn by the well-dressed men of Oakland, than during any previous summer.

Why?

It is surely not because it is any warmer now than any other year, but

Because?

We have side-stepped the old belief that the Oakland people want only heavy weight winter goods in the Summer.

We showed the young fellows some peppy Summer Suits, the likes of which they had never seen before and they took to them like ducks to water.

If physical comfort, mental ease and right style are considerations in your Summer Clothes Problem, you will find the solution here.

For men who want high quality apparel at moderate prices this store offers more for your money than you expect.

The newest styles, the latest colors and fabrics are shown here first. And the variety is so large that every man will find the Suit that meets with his preference.
